Ex-Crawford Co. Home Heads, Commissioner Indicted

Larceny, Torture Charged

One Embezzlement Count Brought Against Three

Special to The Star

BUCYRUS, Nov. 1 — Four persons were indicted by the Crawford County Grand Jury this morning in connection with the jury's investigation of the Crawford County Home and alleged patient mistreatment, Prosecutor Leo J. Scanlon revealed today.

Indicted were Harold Dinkle and wife, Sarah B. Dinkle, former superintendent and matron of the Crawford County Home, Walter Sargel, a county commissioner, and his brother, Arthur Sargel, manager of the Galion Equity.

They appeared in Common Pleas Court this morning before Judge Clarence U. Ahl. Warrants for their arrests were issued last night by Mr. Scanlon.

Charge Larceny

A joint indictment of 10 counts, one for embezzlement and nine for grand larceny, was brought against Dinkle and the Sargel brothers. Involving $295,674, the indictment concerned produce raised on the county home farm and sold to the Crestline Equity from May 18, 1949, to June 16, 1951. At that time, Arthur Sargel was manager of the Crestline Equity.

An indictment on presenting false bills was brought against Walter Sargel. This offense occurred when Mr. Sargel sold milk to the County Home and, since it is illegal for a county commissioner to sell produce to a county institution, bills were passed through a Galion dairy, the indictment charged. The transaction involved about $750.

An indictment of 10 counts on the same offense was brought against Mr. Sargel, as a public officer taking an interest in a contract.

Two separate indictments were brought against Mr. and Mrs. Dinkle for torturing an inmate of the home by holding an electric fence charger against her feet.

The defendants were represented by Edward J. Meyers, a Bucyrus attorney. He asked the court for time in which to plead the indictments and was granted until Nov. 10.

Bonds Fixed

Bonds were placed by the court to assure the appearance of the defendants in court. Bonds on the joint indictment against Dinkle and the two Sargels was placed at $3,000 apiece. Bond for the false bill indictment against Dinkle was $1,000 and the bond for Sargel's indictment was $1,000. Bond of $100 each was placed on Dinkle and Mrs. Dinkle for the indictment concerning the torturing of an inmate.

The five indictments were returned by the Grand Jury yesterday, following an investigation at the home recently during which they interviewed inmates and inspected the institution.

The jury, which has been in session intermittently since Oct. 1, recessed yesterday until Nov. 8.

Plans To Cut Courthouse Tree Shelved

Commissioners Veto Move After Storm of Protests

Plans to remove a 125-year-old sycamore tree from in front of the Courthouse grounds were shelved today following a meeting of the board of county commissioners this morning.

Walter Guthrie, commissioner's clerk, said the board agreed unanimously to "shelve the whole thing" after a storm of objections were voiced by the townspeople.

He added it was unlikely the proposal of removal would come up again.

The project was started Tuesday afternoon when Leo Savage of the Marion Expert Tree Co. removed several limbs.

Reasons for cutting down the tree were given that it was diseased and constituted a public nuisance because birds roosting on it caused a hazard to pedestrians.

Telephone calls urging the tree be spared were heard at the commissioners' office all day yesterday, some before The Star's story of the developments appeared on the street, Mr. Guthrie said.

Carl Lehner, commissioner, reported one call was received from an elderly woman who said her husband was one of the Civil War soldiers in the picture that ran on the front page yesterday.

Tax Collectors Headed For Civil Service

WASHINGTON, Nov. 1—(AP)—The White House announced today President Truman will recommend to Congress that collectors of Internal Revenue be brought under civil service.

The announcement was made after Frank E. McKinney, Indianapolis banker and the new Democratic national chairman recommended such a step to the President.

McKinney in a letter said earlier the President had asked him to help see that the federal service "be maintained at the highest standard of integrity and ability and with spotless honor."

Harding Homecoming Friday Night

Miss Simmons To Be Crowned School Queen

Miss Suzie Simmons, a Harding High School senior, will be crowned Queen in Harding High School's fifth annual Homecoming event at the Harding-Columbus South football game Friday night at the Harding stadium.

Her court attendants will be Miss Marjory Dearth, Miss Beverly Hurley, Miss Betty Plantz and Miss Barbara Orr.

The honor of queen will be bestowed upon Miss Simmons in a pre-game ceremony scheduled to begin at 7:30 p. m., with the Harding High School band taking part.

Crowning Miss Simmons as queen and acting as her escort will be Jim Arnold, a member of the Harding football squad. Escorts for the court attendants, named in order as they will escort the court members as listed above, will be Nelson Luke, Tom Tatham, Eddie Porter and Joe Thomas. All are seniors.

Pre-Game Ceremony

To open the pre-game ceremony, as the band goes into the formation of a heart in the center of the field, the queen and her attendants, riding in convertibles, will enter and circle the football field. In front of the stadium,

New Atomic Blast Jars Las Vegas

Test Explosion Using Ground Troops Shatters Windows

LAS VEGAS, Nev., Nov. 1—(AP)—An atomic blast, testing ground troops for the first time, hit Las Vegas today with sufficient force to crack store windows.

Initial reports said big windows in the Sears Roebuck and F. W. Woolworth stores on Fremont St. were broken.

It was the first time in the current series of tests that the concussion has been felt in Las Vegas, although blows of window-breaking force reached here from two blasts in a series of five last winter.

A picked group of soldiers was in the field to test the force of the explosion from a few miles away.

The explosion was visible here as the now-familiar flash in the sky to the northwest.

To observers here, and to high military and congressional sources, it meant that operation Desert Rock finally had gotten under way. That, it is believed, was the primary object of the current series of tests.

Today's was the fourth explo-

Marines In Helicopters Raid Reds

U. S. 8TH ARMY HEADQUARTERS, Korea, Nov. 1 — (AP)—U. S. Marines successfully raided a Red Korean guerrilla stronghold behind United Nations lines in the first true helicopter combat attack ever made, the Marines announced today.

The attack was made Saturday. The news was withheld until today for security reasons.

The announcement came as light snow and cold rain chilled combat troops along the battle fronts. The quiet was shattered during the night by a thundering 100 ton B-29 raid.

Thirty-three volunteers made the flying Marine raid. Two helicopters carried them seven miles over jagged North Korean mountains to the guerrillas' mountain fortress.

Land on Peaks

The airborne raiders landed on a mountain top. They hid in the wild peaks and struck the next day.

Under cover of a frosty ground haze they charged three huts, headquarters of a band of 150 North Korean Reds operating from a mountain hideout.

In the subsequent fight, a spokesman said, the Marines "be-

TWA Will Serve City If Ordered

Would Pick Mansfield Over Marion If Only One Were Served

Trans World Airline will continue to serve both Marion and Mansfield on its Pittsburgh-Chicago run if ordered to do so by the Civil Aeronautics Board, a TWA official told the board Tuesday.

A CAB examiner has recommended the airline serve one or the other city, but not both.

This recommendation and others which would deny or curtail local air service in Ohio and Indiana were attacked by representatives of the cities affected at the CAB hearing.

The board will study the recommendations, briefs taking exception to them, and the oral arguments given Tuesday before making its decision in the Ohio-Indiana Air Service case.

The recommendations, made by Examiner R. Vernon Radcliffe after a hearing in Washington early this year, would turn down the application of Lake Central Airlines for extending its routes into Ohio. He also suggested the TWA serve Marion and Mansfield on a joint basis, with the airline to pick the city it wanted to serve.

Protest Both

Marion protested both recommendations, and sent three men to the Washington hearing to lodge the protest. They were Mayor Harold F. Robinson, J. B. Bray, and former Mayor Harry Dowler. They returned last night.

Mayor Robinson reported a TWA attorney said the airline would serve both Marion and Mansfield if ordered to do so. But if the airline were to serve only one of the two, it would pick Mansfield, because of the larger volume of air traffic.

Mr. Bray, in a 10-minute talk, outlined the need for air service to Marion. He spoke at about 1 p.m. Tuesday. Representatives of Mansfield also attended the meeting and gave oral argument for the continuance of local air service to this area.

Arguments were also presented by representatives of other cities and the state.

Aubrey A. Wendt, assistant Ohio attorney general, said Ohio has local service carriers operating all around it, but none inside the state, The Associated Press reported.

Time Consumed Great

He conceded distances between Ohio cities are short, but said "Time consumed going from one to another is great" because of crowded highways and often poor train service.

Trains, he went on, are "being cut off one after another—even between Columbus and Cleveland."

Trunk carriers, he emphasized, can not serve local air service requirements because the trunk lines lack interest in local service

Carl H. Knirk Elected President of Chamber

Carl H. Knirk, treasurer of the Anthony Laundry Co., was elected president of the Marion Chamber of Commerce for the new year at the monthly luncheon meeting of the board of directors yesterday at Hotel Harding. He succeeds Henry A. Mickley as head of the Chamber.

Named to serve with Mr. Knirk were M. Paul Hunt, vice president, Edgar W. Barnhart, vice president, Francis B. Huber, treasurer, Floyd H. Cornely, assistant treasurer, Hugh E. Webster, executive secretary, and Jack E. Lautenslager, assistant secretary.

Directors now include Edgar W. Barnhart, W. Hoover Brown, Carl E. Danner, Lester L. Dickey, Frank M. Foster, Howard F. Guthery, Mr. Huber, Mr. Hunt, Mr. Knirk, Dr. Frederick T. Merchant, Mr. Mickley, John J. Ryan, C. W. Smoot, Julian H. Walker and Leonard Young.

Active in Civic Affairs

Since coming to Marion in 1946, Mr. Knirk has taken an active part in civic affairs and events. He has belonged to the Chamber of Commerce since that time, serving in the capacity of vice president the past year. He is a member and past president of the Marion Rotary Club.

In 1948, Mr. Knirk served as chairman of the Marion County March of Dimes campaign, and at present is serving as assistant county chairman. Mr. Knirk, his wife, Ann, and son, Carl, reside at 714 Mt. Vernon Ave.

Approve School Levy

The Chamber board, in its meeting, voted approval of the proposed 4-mill tax levy for four years for current expenses of the Marion city schools and also the half-mill tax levy for five years for recreational purposes in the city of Marion.

Plans were completed for the annual Chamber dinner meeting to be held Monday, Nov. 12, at 6:30 p.m. in the ballroom at Hotel Harding. Speaker for the occasion will be Eugene C. Pulliam, publisher of the Indianapolis News and Star. He is well known as a writer, commentator and world traveler.

Guests will be present at the dinner from the B. F. Goodrich Co. of Akron and Tecumseh Products Corp., Marion's newest industries.

New Excise Tax Law In Effect Today

Hits Gasoline, Autos, Cigarets, Appliances; Some Taxes Removed

In compliance with the new Federal excise tax law, the man at the pump in the service stations of the nation today began collecting for the Federal Government a tax of two cents on every gallon of gasoline in place of the previous one and one-half cents per gallon.

In Ohio, with a four-cent state tax, this means a total tax collection for government of six cents per gallon.

The same Federal law increases the tax on a pack of cigarets one cent to a new total tax of eight cents per pack; ups the tax on new

Only Way To Save Party, He Declares

Charges Trumanites With Debauching Party's Principles

SELMA, Ala., Nov. 1—(AP)—Sen. Byrd (D-Va), in a bitter attack on the Truman administration, said today only "an immediate uprising of political virility in the south" will save the Democratic party.

"I am calling on you to save the Democratic party from elements now in control who have debauched its principles and made it a party of political expediency, one of its chief articles of trade being the peddling of political influence," Byrd said.

Must Defeat Truman

Urging that the anti-Truman forces in the southern states "keep themselves free to take whatever effective action may be necessary" to assure President Truman's defeat if he seeks reelection, the Virginia senator added:

"It is my firm belief that the Democrats of the south will not permit the Trumanites to press down upon the brow of America the un-Democratic crown of waste, of socialism, and of dictation from Washington."

Byrd spoke out in a speech prepared for the annual meeting of the Dallas County Farm Bureau. The barbecue gathering had been billed as in part a caucus of anti-Truman southern Democrats, but Byrd was the only nationally prominent figure on hand.

Up To Dixiecrats

Asserting that only the southern wing of the party can prevent "the downfal. of the democracy and all of the freedoms we hold dear," Byrd said it must ask at next year's party convention for:

Restoration of a rule, abolished in 1936, which required a two-thirds majority for selection of the national ticket; elimination of the 1948 civil rights plank; "Reaffirmation of states' rights," and endorsement of "the true principles of the Democratic party."

While the farm bureau meeting bore a strict "no politics" label and had no connection with the party get-together called for later in the day, it was Byrd's appearance nevertheless that led to the idea of an anti-Truman conference.

Truman Raps "Smear" Tactics

WASHINGTON, Nov. 1—(AP)—President Truman asserted today the Democrats can win in 1952 on the "real issues" despite a "Republican smear campaign."

Mr. Truman called for an all-out effort to counteract what he labeled as the "big lie" technique in congratulating Frank E. McKinney, Indianapolis banker, on his election as the new Democratic national chairman.

McKinney was chosen to succeed William M. Boyle Jr., who resigned under fire of charges he attempted to influence the making of government loans. Boyle denied the charges and said he quit for health reasons.

The President said in a letter to McKinney last night—following the latter's approval by the Democratic national committee on a unanimous voice vote for the position for which the President had chosen him—that the Republicans are directing all of their energies toward "a campaign of slander and vilification."

Senator Taft of Ohio, an announced GOP presidential candidate, indicated in a speech at Providence, R. I., last night that the Republicans will battle the Democrats on foreign policy as well as on what the Ohioan called "honesty in the government at Washington."

Taft characterized the Truman foreign policy as "disastrous" and joined Byrd in criticizing government spending, high taxes and what he said are "socialistic" aims of the administration.

Royal Couple Score Big Hit

Princess Elizabeth, Philip Well-Received In Capital

WASHINGTON, Nov. 1 —(AP)—Britain's royal couple headed into a second and next-to-last round of public appearances today on their 45-hour visit to the nation's capital.

And it looked like a safe bet that while poised, attractive Princess Elizabeth — a "fairy princess," President Truman called her — would take the spotlight of official attention, the ooh's and aah's of the bobby-soxers and their elder sisters would be for the princess' handsome blond husband Philip.

Today Elizabeth and Philip, the Duke of Edinburgh, laid a wreath on the tomb at Mount Vernon of George Washington, liberator of the American colonies from British rule.

Another wreath-laying was scheduled at the tomb of the Unknown Soldier in Arlington National Cemetery, followed by a diplomatic reception in the Canadian embassy.

Big Reception

The day's big event, with 2,000 on the invitation list and thousands more on the disappointed list, was a reception this afternoon in the big, campus-like British embassy. Champagne and French pastries were to be served in a circus tent on the lawn. Among those invited: All members of Congress.

Back at the Canadian embassy, Elizabeth and Philip will give a formal dinner for President and Mrs. Truman, to "pay back" the dinner the Trumans gave for their royal guests last night at Blair House.

It was evident from the first that the blond duke, though he kept carefully in the background, was the crowd-pleaser of the pair —among the women who lined the curbs and applauded, at any rate.

Bobby-soxers in front of the

Concert Series Opens Tonight

Curtain time for Eleanor Steber's program tonight at the Palace Theater is 8:15.

The concert by the young Metropolitan Opera soprano will open the 1951-52 season of the Marion Community Concert Association. The organization has been active in bringing outstanding stars in the musical field for the last several years.

Rising to musical fame since her entrance into the operatic field in 1941, Miss Steber has become widely known through her roles in opera and on the radio. She went abroad in 1947 to appear with the Glyndebourne Opera in England and at the Edinburgh Festival. She sang the role of the Countess in "The Marriage of Figero," for which she was highly praised.

A varied and entertaining program has been chosen for tonight's concert. Selections have been chosen from Schubert, Strauss and other well known composers. Miss Steber's accompaniments will be played by James Quillian, pianist.

Nearly 1,500 Children Take Part in Annual Event

Thousands Watch Halloween Parade

By EMORY J. ANDERSON

An estimated 15,000 persons lined Marion streets last night to watch the annual Halloween parade, sponsored by the Fraternal Order of Police and a capacity crowd filled the Coliseum later when prizes were awarded children with outstanding costumes.

The Pleasant High School band was the winner of the Marion County band contest, a new feature of the annual Halloween parade and party.

Bands marched through the Coliseum while costume judging was going on outside. After the judging was done, the costumed contestants were brought inside and paraded through the Coliseum while an estimated 3,600 persons looked on.

* * *

APPROXIMATELY 1,500 school age children from Marion and Marion County took part in the costume contest. Police handed out about $2,000 worth of prizes to the winners of all the grades.

After the awarding of the prizes police handed out 1,500 boxes of cracker jacks and 3,000 all-day suckers.

Ingenuity was displayed by a large number of the contestants in making their costumes.

This year a 10-foot snowman showed up for the contest, as well as an ostrich. There were several television sets, which showed a modern trend.

* * *

THERE WAS the usual number of rabbits, chickens, elephants, and other animal costumes.

One child came dressed like the Harding Memorial. An exact replica of the Memorial had been built of cardboard and was carried over the child's head.

The parade, which moved from the downtown area up Main street and on to the fairgrounds was handled by city police, police auxiliary, members of the sheriff's department and state highway patrolmen.

The parade was led by police and patrol cars, and the grades, beginning with the first grade, followed in order with the bands.

A police officer marched with the smaller children.

* * *

BANDS WERE JUDGED as they passed George St. and N. Main St. The trophy, awarded this year for the first time, was presented by Chief of Police Tom Coon. A similar contest is scheduled for next year.

Grand prize winners were as follows: for the boys, Herman Brown, Francis Mahoney, Lester Miller, and Bobby Woods, and for the girls, April Long, Wanda Barlow, Delores Blashensky, Georgia

Project of United Church Women

World Community Day To Be Marked Friday

By DOROTHY ROE
Associated Press Women's Editor

WHEN ten million women set their minds on a project, the results are likely to be sensational.

When these ten million are for the most part community leaders, well-versed in organizational work, their impact on the public can be expected to have somewhat the effect of a tidal wave.

So don't be surprised if you suddenly become highly conscious of the churches in your community in the near future, especially this week, when the United Church Women call for national observance of World Community Day, Friday, Nov. 2.

These women represent more than 80 Protestant denominations and 1,800 state and local councils of churchwomen throughout the country.

They are part of the recently consolidated National Council Church of Christ in the U. S. A., whose goal is to unite the efforts of all denominations toward their common goal of "peace on earth, good will to men."

* * *

This year's observance of World Community Day is centered in two projects: a scholarship fund for young people of other countries and aid to the homeless overseas.

But most important is the continuing goal of the United Church Women to reawaken the vitality of prayer and the essentiality of the church in every community in the land.

It may not be entirely due to the efforts of the women, but it certainly is a self-evident fact that in practically every town and hamlet of the U. S. A., church membership is on the upgrade these days, more and more people are rediscovering the faith of their childhood, and the church is entering into more facets of community life.

My own community probably is typical of many thousands in all sections of the country. It is the rural township of Pound Ridge, N. Y., where the town itself consists only of the school, general store, filling station, community house and the white-painted church.

* * *

A FEW YEARS ago only a handful of the faithful gathered in the church pews on Sunday morning, while the rest of the population loitered over the Sunday papers at home or spent the day at the golf course.

Then an energetic young minister arrived and talked turkey to some of the pillars of the community. He chose his targets well. A typical one was an active clubwoman who worked long and well in behalf of the local P-T A, the Red Cross, the Visiting Nurse Association and other worthy groups. Said he:

"You are an intelligent, modern woman, obviously a leader in the community. Why don't you come to church, which is the heart of the community?

The good lady was somewhat flustered, but replied honestly:

"Well, I send the children to Sunday School, but if my husband and I attend church services, we have to hire a baby-sitter to stay with the children, since Sunday School and church are at different hours. If you'd have Sunday School and church services at the some hour, we could all be there."

* * *

THE MINISTER took up the suggestion, and the church congregation was swelled at once by a number of young parents who attended services while their children learned a Sunday School lesson in another room.

A program of church suppers, square dances and rummage sales followed, and people who hadn't taken an active part in church work since their own Sunday School days suddenly became vitally interested in the success of the little white church and the young minister.

A few weeks ago practically the entire town turned out every night for "Pound Ridge Church Week," which consisted of such things as a lawn picnic, a community program and parties for the young people, as well as some serious talks by well-known speakers.

And a lot of sophisticated moderns discovered the simple joy of working for a good cause.

Church Class Plans Fall Festival Nov. 15

Plans to participate in an annual Fall Festival to be held Nov. 15 at the church were made when the M.O.H. Class of Prospect Street Methodist Church met Thursday night, Oct. 15, at the church. A new project of purchasing a balcony curtain for the church was voted to be undertaken, and plans also were made to provide baskets of food for needy families for Thanksgiving. Devotions were conducted by Mrs. Delmar Risch, and the social hour was in charge of Miss Mary Mehaffey. A potluck supper will precede the next regular meeting of the class.

GULF DEALERS MEET

About 60 dealers of the Gulf Refining Co. from Marion, Morrow and Delaware counties heard Ed Wanek, assistant district manager from Columbus, speak on a new motor oil at a dinner-meeting Tuesday at Hotel Harding. Boydon Jann of Columbus, district manager, conducted the meeting. Present from Marion was John Matthews, distributor for Marion and Mt. Gilead.

Marion's Sewage Problem

AMONG the proposals to be voted on at the Marion municipal election next Tuesday, Nov. 6, are two for improvements and maintenance of the city's sewage disposal system.

One is a tax levy to provide additional funds for operation and upkeep of the sewage treatment plant and system. The levy, amounting to seven and one-half cents on each $100 of property tax valuation annually, would run for five years.

The other proposal is for a $600,000 bond issue to pay for expansion and improvement of the sewage disposal system. It calls for a levy estimated at six cents annually on each $100 of property tax valuation. The levy would run for a maximum of 25 years to pay the principal and interest of the bond issue.

The first of the two proposals is declared to be an absolute necessity, since the revenue now available for operation and maintenance of the sewage system has proved inadequate. The present tax funds for this purpose have made it impossible to operate the system and plant efficiently and to prevent serious deterioration of the property. Since the city has a large investment in the disposal plant and will have a still larger investment when the needed enlargement and improvements are made, it is obvious that sufficient funds should be provided to preserve and protect the property. We believe the voters should authorize the proposed additional tax levy.

The second of the two proposals is more controversial. Enlargement and improvement of the sewage disposal system and plant is urgently needed and the $600,000 sought by issuance of bonds will be required to do the work. The plan is to build virtually a new sewage disposal plant to replace the one now in use. The need for this is so urgent, in fact, that if the city does not provide a suitable plant voluntarily, the State Board of Health has said it will order it done.

It has been found that raw sanitary sewage from Marion's sewers is flowing into the Little Scioto River, causing contamination which is considered to be a menace to the health of communities west and south of Marion.

So there can be no question about the imperative needed for providing better sewage disposal facilities.

The question actually involved is how the money to pay for this should be obtained. Two ways are available. One is the method proposed in the bond issue ballot coming before the voters next Tuesday. The tax to pay off these bonds would be assessed against all Marion real estate and would be a direct obligation of the municipality.

The other method of financing, which was proposed and rejected several years ago, would be to obtain the $600,000 by issuing what are known as mortgage revenue bonds. These would be paid off by assessing a service charge against the properties of all persons and business firms using the city's sewers. It is understood that this plan will again be considered should the general tax bond issue be defeated next Tuesday. Under the mortgage revenue plan, payment of the bonds would be a charge only against the sewer service assessments.

It is up to the voters to decide which method they prefer. There are arguments for and against both plans, most of which have been enumerated in articles already published in The Star.

Whatever the decision may be, one fact remains—the sewage plant improvement and enlargement will have to be made, one way or the other. The state health authorities will see to that.

Mental Bet

TO HEAR them tell it, all the professional gamblers are all going to be reduced to pencil-selling by the new federal tax on their enterprise. The trouble is that they are protesting too much.

Here is a mental bet, which is not taxable, that a year from now the gamblers will still be doing business and that whoever then is in charge of thinking up new taxes will have to think up a better one than a tax on gambling.

It was the Senate crime committee hearings while Senator Kefauver was in charge which led to the gambling tax; theory was that a 10 per cent cut of the take would drive the gamblers out of business. If it didn't do that, at least it would provide a lot of federal revenue.

Except for Nevada, there is not a state in the Union where the kind of gambling hit by the new federal tax can be carried on legally—but that has not kept gamblers from staying in business. They have done this by the direct and corrupt expedient of bribing police authority to let they stay in business.

Their next move will be to learn how to bribe federal tax collectors.

If that can't be done, the new federal tax on gambling will be a failure anyway. There will be no gambling left to tax.

Reports on Disloyalty

By David Lawrence

Some Questions About Results of Investigation

WASHINGTON

WHAT happens to information on loyalty which is communicated by the Federal Bureau of Investigation—the FBI—to the Department of State?

This question is raised because of the statement just made by Chairman Conrad E. Snow of the Loyalty Review Board of the Department of State, who says publicly that Alger Hiss would not have been kept in government employ one day after his acts were discovered.

The same State Department spokesman on loyalty matters says that both Alger Hiss and Judith Coplon "worked in absolute secrecy—their best friends were ignorant of their acts."

LAWRENCE

But the FBI wasn't ignorant of those acts. It promptly prosecuted Judith Coplon, and it also laid before the Department of State certain information about Alger Hiss which the department officials chose to disregard.

But how high up in the department did the FBI reports ever get? It is plain from a reading of the book by the late Edward R. and later secretary of state, that Stettinius, undersecretary of state he evidently did not know what the FBI reported. In his book dealing with the Yalta conference—published in November, 1949, by Doubleday & Co.—Mr. Stettinius pays tribute to the work of Alger Hiss and says:

"I never heard of any questioning of Mr. Hiss's loyalty from anyone inside or outside of the State Department or from the FBI during my term of service in the department."

* * *

MR. STETTINIUS became undersecretary in September, 1943, and secretary of state in November, 1944. He resigned in June, 1945. That's a long period of time during which FBI information apparently never got to the secretary of state.

It is known that in 1939 Whittaker Chambers, confessed Russian spy, went to Adolph Berle, assistant secretary of state, and told him about the work that Hiss had done in our government as a Russian agent.

It is known that in the latter part of 1941 and early 1942, the FBI obtained the notes of Mr. Berle and gave the Department of State whatever information it had about Alger Hiss.

It is known that in March, 1945, just after the Yalta conference—and before the United Nations conference at San Francisco, in which Alger Hiss played an official part—the FBI transmitted to the Department of State a comprehensive report about Alger Hiss that created quite a stir among some officials in the department.

* * *

NOW CHAIRMAN SNOW, in his public statement, says that the chief damage done by the Alger Hiss case was in undermining the confidence of the public in the Department of State, and he places as secondary the harm that Hiss did in the delivery of classified papers.

Evidently Chairman Snow has not given weight to the opportunities which Alger Hiss had to communicate directly or indirectly to the Russians what he knew of American policies and plans. For Mr. Stettinius reveals in his book that he "reviewed" with Hiss and only two other advisers certain questions for purposes of presentation to President Roosevelt at Yalta. Critics of the administration in Congress claim that America was "sold down the river" at the Yalta conference.

Among the questions listed by Mr. Stettinius as having been "reviewed" by him with Alger Hiss were the treatment of Germany, the Polish question, the relations between UNRRA and the Soviet government, the rights of American representatives on the Allied Control Commission for Bulgaria, Romania and Hungary, questions of oil concessions in Iran, policy in China with reference to Russian influence with the Chinese Communists, the Turkish Straits question, and international trusteeships.

* * *

CHAIRMAN SNOW points with pride to the record that since December, 1947, "not one case has been found of a present Communist working in the State Department," and asks: "What, then, is all the shouting about?"

Yet in his own public statement Chairman Snow says that between December, 1947, and today, eight employes have been found to be "security risks" and "about 40 other employes have elected to resign during the process of investigation and adjudication of loyalty." He adds frankly:

"What might have been found in their cases, had they gone to hearing, of course, I do not know."

The FBI furnished a file on every one of those cases. When the chairman of the loyalty board in the State Department eliminates 40 loyalty cases because they didn't go to a "hearing," does that mean the background of each of those 40 cases was unimportant?

* * *

THERE IS ANOTHER pertinent fact on which the fullest candor is essential. How much pressure, if any, was put on the 40 loyalty cases to "resign"? Does the department do its weeding out by pressure and thus maintain a perfect score, enabling it to say that "not one case has been found of a present Communist working in the State Department"?

The $64 question, finally, is this: Although in every other important department of the United States government disloyalty cases have been "found" and loyalty boards of those departments have recommended dismissals, why has the State Department never "found" a single disloyalty case that resulted in a formal dismissal?

Plainly Chairman Snow has chosen to give out a part of the story and only the part which in his opinion "does not indicate any noticeable infiltration of Communists in government."

Don't Forget That Boy

Spying Diplomats

By George E. Sokolsky

THERE SEEMS to be no end to the new techniques which the Soviet countries employ to keep the United States in turmoil. Strikes in American industries in which Communist unions participate are examples of disturbance by remote control.

The main line for such activity is not from the American Communist party but from a network of embassies and consulates out of which they operate under diplomatic immunity. Such immunity is also extended to those connected with the United Nations.

SOKOLSKY

J. Edgar Hoover, last year, said of this:

"Experience has revealed that foreign espionage agents seek the protection of a legal cover. By that I mean they seek admittance into the United States on diplomatic passports. They seek assignments to some official foreign agency and thus conceal themselves under the diplomatic cloak of immunity. To further avert suspicion, a high-ranking espionage agent may very well be employed as a clerk or in some minor capacity in a foreign establishment. However, when he speaks, those with higher-sounding titles follow his orders without question . . ."

The McCarran committee reports:

"The chief of the investigation section of the immigration and naturalization service testified that he had no doubt in his mind that the control and direction of the Communist apparatus in the United States is centered in aliens who are in the consulates, embassies, and International organization in the United States . . ."

* * *

THESE TWO QUOTATIONS show how easy it is for a foreign country to plant an espionage organization within the United States which would not only ply its nefarious trade but would enjoy immunity from our laws and the protective coverage of a diplomatic exequatur. From July, 1947 until March, 1951, 3,616 diplomatic visas were granted persons from Soviet countries.

Lord Vansittart, who for many years was the chief permanent official of the British Foreign Office, once made this very interesting point:

". . . Under the old school, immunity was limited to the diplomatic staff. There were considerable doubts whether it even extended to the consular personnel. Certainly no one would ever have thought of extending the claim to any other body. . .

"With the vicious extension of the province of diplomacy has come a corresponding exaggeration of the claim for immunity. When all sorts of rogues are part of the machinery, all sorts of devices must be thought up to cover them. The process began in the greatly overstaffed Communist trade agencies — thin concealment indeed, seeing the small trade done by them . . ."

* * *

HE MIGHT HAVE added that in the old days anyone associated with the diplomatic services was expected to be a gentleman and to engage in no activities which might bring discredit upon his country. In the current "democratic" era, such gentility is out of vogue. When, as in England, Tass representatives claim diplomatic immunity, the whole process has reached a new low, for while Tass regards itself as part of the press, it is actually owned by the Soviet government.

So is everything else in every Soviet country. It would be like granting the operator of a sewer system diplomatic immunity because the government owns the sewer. I am sure that could happen, too.

The State Department seems to be delicate in such matters, disliking apparently to keep anyone out of the United States who has a diplomatic passport. There is the case of Roman Kutylowski, president of the Gdynia-America line, on whose ship, "Batory," Gerhart Eisler escaped. The immigration and naturalization service sought to deport him and locked him up on Ellis Island. But he was let off by order of the State Department. This is the testimony between the committee and the service's chief investigator:

"Mr. Arens.—Now do you have information as to who it was in the State Department who made that representation?

"Mr. Pennington—The Board of Immigration's discussion of Feb. 1, 1951, indicates they have a letter from the Secretary of State dated Jan. 29, 1951. That letter, however, does not appear in the New York file and would probably be found in the department file.

"Mr. Arens—Now who in the State Department would be the individual who would pass upon this type of case to make the representation to the Justice Department?

"Mr. Pennington—That I can't answer. I assume that the correspondence would be signed by either the secretary or the under secretary. I can only assume that, however."

So, Mr. Kutylowski was released from Ellis Island because of some kind of diplomatic special privilege.

No Goblins Need Apply

By TRUMAN TWILL

IN OUR section of R.F.D., Halloween continues to be a lively season, with objects turning up at dawn in the wrong places and a monotonous upsetting of indispensable outbuildings. But Halloween has lost its punch.

The primitive belief in hobgoblins and ghosts who went berserk on one particular occasion a year has withered under the fierce competition of fantastic events which now happen all the time. Even in the most remote sections, Halloween is on its last legs and will be washed out as an occasion for mischief by the end of the century.

Formerly, it was a chance to exercise a pent-up urge to commit practical jokes and mischief which was repressed the rest of the year. In that more quiet era of human history, the very notion of upsetting cornshocks and pushing over backhouses was almost too uproarious to bear alone.

Pranksters with lively imaginations embroidered on whimsy with cows in steeples, manure spreaders on the steps of the town hall and a wholesale shuffling of removable gates and other portable property. It was boisterous fun, especially when helped along with a jug of hard cider.

A town tough couldn't hold up his head on Nov. 1 if he couldn't startle the community with some especially fiendish innovation on Oct. 31. At one time or another everything was tried, including wires which decapitated the occupants of buggies and telegraph poles felled across dark roads to smash up automobiles and their passengers at a time when headlights were scarcely more than candles. Halloween was funny, and it also could be horrible. The toughs played rough.

But with due respect to the individual devilment they thought up, it could not keep pace with organized devilment. No bumpkin-conceived prank could compete with the blood-curdling horrors spawned in scientific laboratories. No one-night outlet for the instinct to play pranks could match the 365-day-a-year search for better ways to commit mass murder or the antics of the jokers who had learned how to cavort in positions of responsibility.

Moreover, with skulls being bashed in with suitable sound effects on radio and cadavers piled up waist-high in television presentations, no one is even likely to take note any more of a monster peering in at the window. The distraction of a doorbell with a pin stuck in it is of no consequence when alarm gongs keep going off throughout the world and ear-piercing sirens were warning the little people of the earth to hide under rocks until higher authority issues an all-clear.

Halloween used to be fun when a kid could still get attention with a tick-tack or a handful of corn thrown on a porch. It's too bad so many of us have lost our former capacity for being wide-eyed with astonishment when a mere outhouse is tipped over. It has something to do with the way we feel wide-eyed these days when everything isn't tipped over and out of place, because disorder and incongruity seem to have become a way of life.

Daily Bible Thought

Amos used a figure of speech to foretell the ruin of Israel, because of social corruption. Every living thing is on trial, they that violate moral law perish: "I will cause the sun to go down at noon."—Amos 8:9.

The Once Over

By H. I. Phillips

Emergency Emil at Panmunjom

DEAR BABE:

Well, the winter tour of the Korean traveling truce circus is on again. I am still in the detail and if you should happen to fly this way you will have no trouble locating me as I have a flock of big colored balloons over me to show where I am. From the sky you could not be sure if I am at a country fair, a circus or a horse show. I guess this is the first time a big truce conference has been held under a "big top." Both sides are doing a tightwire act and the Reds are trying to make us work without a net. The actors should enter on horseback in a parade featuring chariots and floats depicting "Little Miss Snafu," and "A Streetcar Named Deadlock."

PHILLIPS

The balloons are put up to mark the new area of complete distrust and let anybody in a peaceful mood know he is entering forbidden territory. (They put the truce talks in the bag, Sergeant Mooney, who is quite a joker, says.) If any of our fliers invade the area from now on it will be on account of they mistook it for the New Orleans Mardi Gras. The United Nations adopted this balloon routine too late. They should of put them around General MacArthur so Harry Truman would have had a better idea where he was and what he was doing. But it is such a good idea. I think they should have put balloons around Joe Louis, Clem Attlee, the Dodgers and whoever plays Princeton next.

* * *

There are quite a few new faces in the new truce talks and I think maybe both sides will now use the two-platoon system, sending in one team for defense and one for ground-gaining. They have run out of subjects over which to disagree, so are using some new topics. Today our team went into quite a hassel over whether Joe DiMaggio meant it when he said in Tokyo that he was through with baseball. The question whether the revival of vaudeville in New York would eclipse the revival of it at the Panmunjom talks was also discussed. I tried to get on the agenda the question how come the Chinese Red delegation to the truce talks always show up on those baseball caps worn by the 987 Dodgers, but I was ruled out of order.

I got your letter saying you had a dream I had been shifted to Egypt, Iran or Sudan and that I was surrounded by oil refineries, canals and various disturbances. It may not be a dream, babe. "Emergency Emil," that's me, and my new forwarding address could be Abadan or the Suez Canal any time, I guess, the way things are going. The hassels are so global I would not be surprised to be doing guard duty around a couple of pyramids and on KP duty in front of the Sphinx. I am getting into shape by reading Kipling all over again and can already recite Gunga Din in a military manner. In my dreams I am away ahead of you. I dreamt the other night that I was going to the front on a camel and had just been decorated for settling an oil dispute, making canals safe for democracy and closing the Nile to Pravda.

Love and all that,

EMIL.

Congress Quiz

Q—How much are we going to spend on the military program this year?

A—Congress authorized the Defense Department to spend $56,939,568,030 during fiscal 1952—the largest single appropriation ever to be granted in peacetime. This money bill became law Oct. 12. The Air Force gets the largest sum—$20,642,785,000. The Army gets $19,838,032,030, the Navy $15,877,891,900. Smaller amounts go to other Defense Department agencies.

Lausche OKs Route For Ohio Turnpike

Lucas County Up In Arms; Series Of Lawsuits Seen

COLUMBUS, Nov. 1—(AP)—Gov. Frank J. Lausche last night approved the proposed northern Ohio turnpike route recommended by the Ohio Turnpike Commission

Shortly afterward, a Lucas County attorney predicted a series of lawsuits "which may spell finis" to the turnpike as a result, he said, of Lausche's decision.

Lausche declared as "sound" a route which would connect with the Pennsylvania Turnpike near Petersburg in Mahoning County and run northwestward across the state to the Indiana boundary northwest of Bryan.

Robert Ragan, attorney for the Maumee Valley Improvement Association, said he would file suit in Lucas County Common Pleas Court challenging the constitutionality of the Ohio turnpike act

"The engineers, the turnpike commission, and the governor have never given reasonable, adequate, or proper consideration to the proposed alternate route south of Perrysburg," Ragan said.

Ragan, who was one of the state senators instrumental in passing the turnpike bill in 1949, said a delegation from Toledo will confer today in Columbus with engineers of Greiner & Co. consultants for the turnpike commission.

He said the group will attempt to determine what, if any, consideration was given to depressing the turnpike in the area of the Maumee River crossing

Residents of Maumee previously protested that the road through their community would split the town in half.

$350,000 Fire Hits Cleveland Plant

CLEVELAND, Nov. 1—(AP)—An explosion of unknown origin ripped the Cleveland Container Corp. on Cleveland's west side today, and the fire that followed virtually wrecked the three-story brick building.

Fire Chief Elmer Cain estimated damage at $350,000

Some 130 firemen battled the blaze for more than four hours before it was brought under control.

HE HOPES NOT

NEWBURY, Mass.—(UP)—Will Browne hoped there was nothing in a name when he joined the Navy as an apprentice seaman.

BLOOD CAMPAIGNER. Mayor Vincent Impellitteri pins bronze Medal of Honor of the City of New York on Lt. Charles D. Friedlander in ceremony on New York's City Hall steps as Friedlander and 48 other U N. combat service men prepare to tour the U S in behalf of Red Cross blood donor campaign.

Pathologist On Stand In Murder Trial

COLUMBUS, Nov 1—(AP)—A defense witness, Dr. Horace B. Davidson of Columbus, testified today he could find no blood on a rubber brake pad taken from the car of George Phillips, on trial for the slaying of Mrs Ruth Alter.

The brake pad was one of Prosecutor Ralph J Bartlett's main pieces of evidence against Phillips, a 23-year-old Columbus insurance salesman who is charged with second-degree murder.

Dr Anson L. Brown, a clinical pathologist who testified for the prosecution, said he had found Type B blood—the same type as the slain woman's—on the brake pad.

Mrs. Alter, a 32-year-old Columbus housewife, was beaten and strangled to death in her home last April 25

After the Prosecution completed its case, a court official delivered the brake pad to Dr. Davidson, the expert picked by defense attorney Paul M Herbert

"As far as I am concerned there was no blood on it when it was given to me yesterday," testified Dr Davidson

Dr. Brown had said he believed blood still could be detected on the pad, although he had scraped some off to type it

Another defense witness yesterday was William J. Schwan, a garageman. He testified he had injured his finger and "bled profusely" while working on Phillips' car Bartlett introduced a number of pieces from the inside of the car, which Dr Brown said he had found blood on.

Find Colonel Guilty In Court Martial

TOLEDO, Nov. 1—(AP)—A general court martial verdict that Col. Shirley W. McIlwain used "dishonorable" methods to acquire luxury automobiles was subject today to an automatic appeal.

The commanding general of the Second Army will consider the court's decision. He has the power to set aside or reduce the penalty — a $1,500 fine and a reprimand.

Then the case goes to the board of reviews in the judge advocate general's office. The board has the same power.

Col. McIlwain was relieved as commanding officer of the Rossford Ordnance Depot here after a House of Representatives subcommittee claimed "irregularities" in the depot's operations.

Yesterday, the general court martial found him guilty of "wrongful and dishonorable" conduct in getting two new Oldsmobiles and an almost-new Cadillac by trading in his old car on even terms. Once he added $25.

McIlwain acquired the cars through the Hertzfeld-Oldsmobile, Inc of Toledo The prosecution pointed out that testimony showed that the firm had done nearly $1,000,000 worth of business with the depot during McIlwain's tenure

But the colonel's counsel, Col. Claudius O Wolfe, told the court in his summation yesterday:

"An old soldier went down and hoss traded into a new car. Hoss trading is not a dishonorable act, either in the army or out of it."

SUNBURY MAN KILLED

COLUMBUS, Nov. 1—(AP)—Aaron Richards, 30, of Sunbury was killed last night when his car crashed into a tree near Columbus.

In 1937, the electric interurban system in Ohio reached a peak of 2,807 miles.

Social Affairs

MR. AND MRS. HOMER J. AUGENSTEIN are serving as chairmen for the dance to be held by Club "75" Saturday evening in Columbian Hall. Assisting as co-chairmen are Mr. and Mrs. Bryce Downs and on the committee are Mr. and Mrs. Richard Langdon, Mr. and Mrs. Clyde Goodyear, Mr. and Mrs. DeMar King, Mr. and Mrs. Russell Simmons and Mr. and Mrs. Emmett Osterholt. The dance program will be played by Robert Paxton and his orchestra.

Initiation ceremonies were followed by a program and social hour when Chi of Ohio Chapter, Honorary National Music Society met Sunday afternoon. The meeting was with Suzanne Carey, daughter of Mr. and Mrs. Ellsworth Carey of 425 Brightwood Dr.

The candlelight ceremony was read by Miss Emma B. Wehrle, chapter adviser. New members welcomed were Margaret Turpin and Nancy Sidenstricker. Announcement was made of the marriage of Miss Joan Warner to Victor E. Culp, which took place recently. A gift was presented the bride from the club. A report was made on the club's recent visit to Perkins Observatory at Delaware. Mary Larsen, president, was in charge of the meeting.

Mrs. J. W. Baker, co-adviser, conducted the study topic, "The Background of the Symphony." The following program was presented by the piano students: "March and Minuet," Bach by Mary Larsen; "Gavotte and Polonaise," Bach, Suzanne Carey; "Moolight Sonata," No. 1, Beethoven, Rosemary Ridgway; "Valse Chromatic," Godard, Carolyn Jones; "Etude," Heller, Sheila Axe; "Allegro Burlesque," Kullau, Jane Tumbleson; "Etude," Concone, Margaret Turpin.

A series of games in keeping with Halloween followed the program. Appointments for refreshments, served by the hostess and her mother, also were in keeping with the Halloween theme.

The next meeting will be Nov. 18 with Sheila Axe of 297 Mt. Vernon Ave.

A Halloween masquerade party followed by a treasure hunt was held by members of the Jolly Jills Club Thursday evening, Oct. 25. Hostess was Mrs. Cleo Clinger of the Veterans Housing division. Prizes in the treasure hunt were won by Mrs. George Manley and Mrs. Charles Dyke, first, Mrs. Ward Poorman and Mrs. Roy Everly, low, and Mrs. Gordon Whittier, floating. In a business session, election of officers for the new year was held with Mrs. Everly chosen to serve as president and Mrs. Clinger as secretary and treasurer. Mrs. Dyke was a guest. Refreshments were served by the hostess.

Irving Palmer of Indianapolis, Ind., is spending a few days at the home of Mr. and Mrs. W. G. Lehner of Prospect.

Capt. and Mrs. Howard W. Triplett arrived in Marion Monday from New York City to spend a few weeks with Mr. and Mrs. Jacob Bollinger of 346 E. Church St., uncle and aunt of Mrs. Triplett. The captain has just returned after serving four years in Germany. Mrs. Triplett was formerly Miss Eleanor Jenner of Marion.

Mrs. Dolores O'Brien, Mrs. Norma Jacobs and Mrs. Snell are in charge of a paper drive scheduled for next week. In a contest Mrs. O'Brien won a cake baked by Mrs. Virgil Crabtree.

Insurance Policy Gets Quick Test

ROBINSON, Ill. —(UP)— A Farm Bureau insurance agent told farmer Loren Clements, "You can never tell when an accident will happen." That sold Clements and he signed a policy.

Clements walked away across his field, hooked a truck to his stalled tractor and started to pull away.

The tractor overturned and 17-year-old Grendal Staley, who was riding it, was thrown off and suffered a fracture of his right leg.

The ink was hardly dry on the policy.

DAR Regent Seriously Ill

Mrs. E. B. Padgett Of Galion Stricken

Mrs. Earl B. Padgett of Galion, widely-known clubwoman and state regent of the Daughters of the American Revolution, is in Emergency Hospital, Washington, D. C. where she is undergoing treatment for heart attacks suffered last week. Her condition is reported to be critical.

Mrs. Padgett left Galion Oct. 21 to attend the meeting of state regents of the Daughters of the American Revolution in Washington, and was stricken the following Tuesday. She suffered a second attack on Thursday.

In addition to her work in the Daughters of the American Revolution Mrs. Padgett has been active in club work for many years. She served as president of the Ohio Federation of Women's Clubs from 1936 to 1938, and until recently was state parliamentarian. She is well known in Marion having visited clubs and organizations here in connection with her club work and the DAR. She was a guest speaker at a meeting of Captain William Hendricks Chapter last January when the members met with Mrs. Harvey T. Gracely of E. Church St.

Mrs. Padgett suffered a heart attack last spring while attending the state meeting of the DAR in Dayton and at that time was a patient in Miami Valley Hospital for several weeks. She improved and presided at several district meetings in September.

Gas Explodes In Pittsburgh, 29 Are Hurt

PITTSBURGH, Nov. 1—(AP)—A gala Halloween celebration turned into terror last night as four gas explosions injured 29 persons and cast flaming debris over hundreds of parading Mummers and spectators.

Twenty of the injured were taken to hospitals but nine were released later. Three are reported in critical condition from burns and cuts.

The earthshaking blasts let go in the basement of a confectionery store and dwelling house in the Beltzhoover area of Pittsburgh, a South Hills district where a Halloween parade reached the end of its march.

Seven persons were treated at nearby doctors' offices and two received first aid on the scene.

Fire chief James T. Coslett said a broken gas main set off the explosions. They were felt four blocks away.

Coslett estimated property damage at $20,000. A roaring fire broke out after hte first blast and gutted the two story building.

Today's Fashion Flash

NEW YORK

IT IS the smooth glove with the glace glaze that takes top honors this winter.

A woman needs the shiny finish on her glove—as a contrast to the shaggy-textured coat and suit that are newest and best this year.

Leading spokesman for this belief is Paul Chanut, Paris glove designer who won the French Legion of Honor for introducing such innovations as the velvet glove and the pique glove.

Besides recommending smooth-surface leathers in glovery, Chanut believes that shortie gloves should be worn with tailored suits . . . hand-stitched or appliqued gloves go with dressmaker suits . . . long crushables complement afternoon frocks . . . and dramatic stone or sequin embroidered gloves are newest for cocktail dresses.

But the most important lesson of the day is: high finish for high fashion!

CIO Heads OK Plan To Settle Disputes

NEW YORK, Nov. 1—(AP)—The CIO has devised a plan for settling its own inter-union disputes before they explode into crippling jurisdictional walkouts.

The executive board, representing 41 unions affiliated with the CIO, has unanimously approved an elaborate plan for settling differences as they arise between member unions over organizing new groups of workers.

CIO president Philip Murray told reporters yesterday that the program, which ends with arbitration by a permanent peacemaker, would not "unscramble any omelets" now in existence.

Present jurisdictions would be respected. But new controversies would be put through the machinery, starting with local mediation efforts, then intervention by Allan S. Haywood, director of organization, and— as a last resort— the arbitrator whose rulings would be final.

Proposed for that job is Dr. Frank P. Graham, former U. S. senator and now head of the Defense Manpower Administration in the labor department.

automobiles to 10 per cent of the manufacturer's price; puts the present 10 per cent tax rate on a number of additional electric, gas and oil appliances; adds a 15 per cent tax to mechanical pencils and pens, and to cigaret, cigar and pipe lighters, and boosts the Federal tax on parts, accessories, trucks, buses and tractors from the present five per cent up to eight per cent.

The Federal tax on electric light bills is repealed by the new Federal tax law, as is the old 20 per cent tax on beauty shop cosmetic supplies, and the former 15 per cent tax on boat trips for fishing.

High school football and other athletic games, symphony and opera concerts, city-owned swimming pools and entertainments by religious, charitable and educational organizations (not including movies) are now exempt from the 20 per cent tax on admission tickets.

Inside Labor

By Victor Riesel

BLACKJACKS AND brass knuckles are being welded to the hammer and sickle. The underground and the underworld, after 25 years, again are ganging up on decent unions across country—stirring unrest, crippling facilities and terrorizing the rank and file working stiff in many a big city.

The mobs want a bigger cut for their gambling syndicates. The comrades want a bigger cut in our war production. Those are their orders So, as they did a quarter of a century ago when their fur industry specialists sought out the Black Glove gang (who wore the leather brass knuckles), the communists have turned to the mobs for support.

Victor Riesel

This happened on the New York waterfront only last week. The New York Police Dept. waterfront squad knows this So do legitimate, but frustrated, AFL union chiefs. The Detroit Police Dept. knows this. So do the honest Detroit AFL and CIO leaders.

* * *

IN THE MOTOR CITY, as in other cities, such as certain atomic energy centers, the regular labor leaders are trying to fight this unholy underground unity entirely behind-the-scenes so that the political and money racket boys are slowly picked off without disrupting production with wildcat strikes. But that's just not working.

When, for example, the Auto Union International headquarters in Detroit refused to aid several gamblers fired out of a Ford Motor Co. plant, the left wing in the factory itself rushed to their defense There was bitter talk on the factory level. The men were reinstated although the union's central headquarters thought them so guilty that the head of the United Automobile Workers' National Ford Department. (covering workers at all Ford plants throughout the nation) refused to ask that they be rehired.

Furthermore, both federal and local probes have disclosed that some of the gambling crowds' are members of the Communist bookie agents in the Ford plants caucus there, although they'd have a tough time telling the difference between Groucho Marx's mustache and Karl Marx's beard.

* * *

THIS IS TRUE, too, at some General Electric plants where bookies were fired. The pro-Communist union chiefs rushed to their defense, threatened tie-ups and got the gamblers reinstated.

Yet the local police departments say nothing — and, furthermore, they tell the anti-Communist union leaders that this isn't the time to open up Then they shut up. Why? This is the very moment when the Communist apparatus is under orders to make every conceivable illusion "from below." That order came through here to the American Communists, if you'll excuse the expression, during the week of July 8, 1951.

That was part of a coordinated preparation for a world-wide series of strikes using every element capable of disrupting the economy of the Western world. Immediately after that, the Italian Communist party reorganized itself into a series of undercover factory cells. So did the French The American Communists prepared to move.

* * *

NOW THE State Department has learned that the implementing order has come through from the Cominform for a series of large-scale strikes in Italy, France, Western Germany, England and the United States. Over there, the party has millions of followers For example, only on Oct. 22, the Communists decided on a test run in Bremen That port was paralyzed when the Communists used strong-arm tactics, with muscle bought and paid for by money from Eastern Germany, and terrorized at least 80 per cent of the longshoremen who wanted to work.

* * *

THE TERRORISTS were directed by high level Stalinist operators imported from Eastern Europe. During the first two days, loyal union members who defied the wildcatters were slugged, then the Bremen government, backing up the union, declared the strike illegal and guaranteed protection to those at work. That's more, incidentally, than the New York Police have done. The Bremen rebel longshoremen strike ended swiftly after that.

But in this country, the Commies have only limited support and funds. So they've turned to the thugs for terror and for support down in the plants or on the waterfronts. In turn, they're willing to threaten to howl for grievance action if any bookie is fired—and if the honest union chiefs won't act, the Comrades will supply wildcat action.

Why don't the police of the big cities tell what they know? They know plenty. This is the moment.

Four-Year Hunt For Accused Wife-Slayer Ends

PHILADELPHIA, Nov 1—(AP)—Morley Vernon King, 50, one of the FBI's 10 most wanted men, accused of strangling his wife four years ago in California, will have a hearing today before U S Commissioner Henry P Carr The charge against him is unlawful flight to avoid prosecution.

King, Alias William G. Wilson surrendered to six Federal Bureau of Investigation agents last night at a Philadelphia restaurant where he was working as second chef.

His arrest ended a four year hunt by the bureau A native of West Virginia King is wanted on a charge of killing his wife, Helen, at San Luis Obispo

Arthur Cornelius Jr, special FBI agent in charge at Philadelphia, said King was opening oysters when agents approached him Cornelius quoted King as remarking, "I wondered when the FBI would get me."

King described by his most recent landlady, employer and fellow workers as "a perfect gentleman" and "a most likeable chap" had been working in a hotel dining room in San Luis Obispo in 1947 when his wife disapeared.

Her body was found jammed into a trunk under the hotel porch but by that time King had gone

He was traced to other parts of California, to North Dakota, Virginia and New England and had been in and out of Philadelphia the last year, the FBI reported.

Encouraging Report

By Hal Boyle

NEW YORK

ARE you worried about the disclosures of widespread immorality in high and low levels of American life?

Take heart. All is not lost. The American department store customer is getting more honest every year.

This cheering note comes from Max Hess, chairman of the consumer education committee of the National Retail Dry Goods Association. It represents more than 7,000 U. S. department stores

Hess has just made a nationwide survey that found the morality of the nation's millions of bargain seekers is at an all-time peak.

"The study shows a marked increase in both honesty and consideration on the part of the public," he said, "specifically in relation to the bugaboo of retail stores — refunds and exchanges."

Hal Boyle

He said that in the last decade the percentage of merchandise returned had dropped from 5.4 per cent to 2.1 per cent.

But his most heartening conclusion—heartening to department store owners as well as students of morality—is that the customers try fewer shadier tricks in returning goods.

"Consumer honesty, as a matter of fact, has become almost universal," Hess said. "Attempted returns of used or deliberately damaged merchandise is only an infinitesimal 0027 per cent of the total, as opposed to 1.039 ten years ago."

* * *

THIS RECORD WOULD BE even better, he remarked, except for an occasional lady who takes out a full set of expensive chinaware, ostensibly to buy it, but in reality to impress her guests at a fancy dinner party in her home.

"When she returns the chinaware a few days later, she sometimes hasn't even bothered to scrape all the food off the plates."

Some other results of his survey:

Men are getting more fickle than women; they are responsible for 65 percent of merchandise returns as compared to 38 per cent a decade ago.

Young women return more purchases than older women.

The articles most commonly returned by women are dresses. With men it's shirts.

Most men DO keep those Christmas gift neckties. Only .0108 per cent were returned last year.

* * *

HESS EMPHASIZED THAT most department stores today prefer that a customer return merchandise he is dissatisfied with rather than retain it. The theory: long-term goodwill is always worth more than the profit on any one transaction.

In his own department store at Allentown, Pa., he has a policy of refunding the purchase price without question, no matter how long ago the sale was made.

"Recently we took back a blouse than an 89-year-old lady had bought from us in 1901," he said. "We were glad to get it back for historical purposes, and gave her far more than she had paid for it."

"Another women returned some yarn she bought in 1927, and explained:

"Never did find a chance to knit that sweater."

Hess had to turn down one small boy, however, who came in and wanted to exchange his newly born baby brother for a sister.

"I already have a brother," the little boy said.

But Hess had a reasonable excuse: the baby brother hadn't come from his department store

Circles and Cycles

By Inez Robb

"YOU EVER get spots before your eyes?" asked my old friend, Mr. Beur O. Kratt.

I admitted this was a common experience as far as I was concerned.

"Ever seem to be going round in circles?" Mr. Kratt ventured.

Lawsy, yes, I said. At times, 'pears like that's all I do.

Same in Washington, Mr. Kratt said. Everybody's going round in circles, and has been for years.

"But I think maybe there's a scientific explanation," Mr Kratt whispered "You ever heard of a 'foundation for the s-t-u-d-y of cycles'?"

I shook my head in the negative.

Mr. Kratt proceeded to fill my lap with a basket of literature from—sure enough—"Foundation For the Story of Cycles."

"Everything goes in cycles — cycles, that is," continued Mr Kratt. "Here," he ordered, thrusting the latest bulletin of the foundation into my hand, "read that."

* * *

THE BULLETIN was headed "Thirty-seven Year Cycle Evident in Twelve Unrelated Phenomena" and the paragraph below read:

"On the basis of research extending as far back into history as 1,500 years, this observed cycle appears in a dozen widely divergent phenomena which include variation in length of time between sunspots, the frequency of the aurora borealis, the growth of Arizona pines, the abundance of Lynx, wheat prices since 1265 A. D, cotton prices since 1731, common stock prices dating to 1831, the recurrence of Chinese earthquakes, floods on the River Nile, temperatures in New Haven, Conn., and severe winters in Europe."

* * *

I LOWERED the bulletin. "They sure cover a lot of territory," I said. "From the price of wheat in 1625 A.D. to the mean temperature in New Haven, Conn. as of now is quite a spread. Some guy must have nothing to do. Is this a government project? Are the tax-payers ante-ing up for this nonsense? Should I be indignant?"

"No, no this isn't a government project," said Mr. Kratt hurriedly. "This is on the level. It's on the up-and-up."

"Oh, come now," I argued "Don't tell me you believe that nonsense."

"I should argue with Julian Huxley, director of the U. N. Educational, Scientific and Cultural organizations," said Mr. Kratt bitterly.

I should argue with Charles Greeley Abbot, research association of the Smithsonian Institute. I should tell the Hon. W. Cameron Forbes, life member of the corporation of Massachusetts Institute of Technology, to go soak his head," he continued, waving under my nose the list of men who comprise the committee of the foundation for the study of cycles

* * *

I WHISTLED as best I could as I read the impressive list of scholars on the committee.

"Well, I guess somebody believes in that stuff," I said feebly.

"They certainly do," said Mr Kratt tartly. "But I have a problem for them and that's where you come in. They got a New York business address and telephone number and when you go home, I want you to call up and ask them a simple question.

"Simple, that is, for fellers that can figure out a 37-year cycle for floods on the Nile River since 622 A.D. and sunspots since 301 A.D." he continued.

"Anything to oblige," I said.

"Okay," said Mr. Kratt. "All you got to do when you go home is call this outfit and ask if Harry is a 37-year cycle. You get the answer to that one, and there ain't a soul in Washington won't chip in to buy you a royal pastel mink coat."

Truman Move "Grave Disservice"

Protestant Group Raps Naming Vatican Envoy

NEW YORK, Nov. 1 —(AP)— The policy-making board of America's largest Protestant group says President Truman has done "a grave disservice to our country" in nominating an ambassador to the Vatican.

The general board of the National Council of the Churches of Christ in the U. S. A. said in a statement yesterday:

"Only a prompt withdrawal or rejection of the President's proposal can save this country from a most unfortunate and unnecessary controversy with reactions that will be cumulative as the issue becomes more widely recognized."

The board's request that Mr. Truman withdraw or the Senate reject the nomination was made at an emergency session.

"Alarming Threat"

The statement, disclaiming any religious prejudice, protested what it termed "an alarming threat to basic American principles."

It called the nomination "wrong in principle, useless in practice, and . . . disastrous to the national unity of the American people."

The board's statement did not mention the name of Gen. Mark W. Clark, whose nomination as ambassador to the Vatican was sent to the Senate by President Truman Oct. 20. Congress adjourned that same day, without action on the nomination.

The national council's board authorized the council's president, presiding Episcopal Bishop Henry Knox Sherrill, to appoint a committee to carry out a "program of education" based on the board's statement.

Bishop Sherrill indicated he would announce the committee membership next week. The committee will seek to coordinate Protestant opposition to the ambassadorship.

The board is composed of 125 representatives of 29 Protestant and Eastern Orthodox churches. It was announced that the 80 officers and members of the board who attended the five-hour special session approved the statement unanimously.

Another Development

Another development on the issue came yesterday in Gary, Ind., where the American Council of Christian Churches urged a Protestant protest pilgrimage to Washington.

The council, which claims a membership of 3,000 churches, called for a pilgrimage next Jan. 24. The proposal was made in a resolution by delegates representing 14 Protestant denominations at their 10th annual national convention.

In 1941, the average American family with income of under $500 a year spent $144 for food and the average family with more than $5,000 a year spent $1,312.

Escape Try Unsuccessful

Oregon Convicts Overpower Guards

SALEM, Ore., Nov. 1—(AP)—Armed with makeshift weapons, 20 convicts overpowered seven guards in an unsuccessful attempt to escape from the Oregon State Prison last night.

Virgil O'Malley, who became warden only six weeks ago, said the attempted break was controlled without violence, although 400 convicts were outside their cells and unguarded at the time.

The 20 convicts, led by three convicted murderers, rushed the unarmed guards one by one as they were being taken from the dining hall back to their cellblocks, O'Malley said.

The guards and a prison engineer were locked in cells but were released about 20 minutes later after the convicts abandoned their try for freedom.

O'Malley said guard Maurice Floquet came upon the leaders of the escape attempt as they huddled in an area near the control room. He shouted to them to get back into their cell blocks and they complied quietly.

Van Upsets On Highway

Hunt Escaped Circus Animals In Arkansas

MT. IDA, Ark., Nov. 1—(AP)—A rare chance to hunt a couple of strange animals for this section of the southland—a spotted cat and a white bear—brought hunters arunning to this western Arkansas area today.

The animals were described as dangerous by sportsmen and circus people. The leader of the hunt Sheriff Wilbur Tidwell of Montgomery County, was optimistic over the chances of bringing back the four-footed fugitives—dead or alive.

Two leopards, a polar bear, two black bears and several rhesus monkeys escaped when a circus van overturned and freed the beasts in the rugged, sparsely settled Ouachita National Forest, 15 miles northwest of here yesterday morning. The black bears are said to be tame.

One Leopard Shot

Several hours later, one of the leopards was shot and killed when it ventured onto a highway not far from the scene of the wreck. Although several persons fired, Sheriff Tidwell credited Arkansas state highway patrolman Clarence (Red) Montgomery with the kill, and he was allowed to keep the pelt as a prize.

The leopard weighed 123 pounds. Montgomery shot the animal with a sub-machine gun.

The escaped animals belonged to Campa Bros. Circus, a truck show with a large menagerie.

It was the second misfortune in a 12-hour period for the circus, made up mostly of Latin-American employes. On Tuesday night, while showing in Mena, Ark., a young lion clawed to death the nine-year-old granddaughter of a woman animal trainer.

It first was reported that the lion also had escaped, but circus owner Ben Davenport said the big cat was in its cage.

Officials Freed

Davenport and another show official, Hugh Reeves, were carged with manslaughter in connection with the death of the child, Maria de la Luez. They were freed, however, after a hearing at Mena yesterday. Police Judge Clem Brown said there wasn't sufficient evidence of negligence.

The circus was to have performed here last night, but the show didn't go on.

Mena is about 35 miles west of here. Mt. Ida is 112 road miles west of Little Rock and 85 miles southeast of Fort Smith.

Before the hunt ceased after darkness on a wet and cold Halloween night, several hundred men and boys, armed with everything from a 22 calibre to high-powered rifles, patroled the highway.

Eisenhower To Return For Talks

WASHINGTON, Nov. 1—(AP)—Gen. Dwight Eisenhower is flying home this weekend for conferences with President Truman and other top ranking officials.

The White House in announcing this today, said the general is returning for talks Monday and Tuesday to cover matters affecting his supreme Allied command and the North Atlantic defense setup.

He will leave Paris at 10 p.m. (Paris time) Friday and spend the weekend at Fort Knox, Ky., with his son, Capt. John Eisenhower. He will confer with the President and other administration leaders Monday and Tuesday, holding some of the conferences at the White House.

Kaesong Key Issue In Buffer Zone Dispute

MUNSAN, KOREA, Nov. 1—(AP)—A United Nations briefing officer said tonight the Allies and Reds are in "general agreement" on the eastern half of a neutral zone for a Korean armistice.

The western half of the line is in dispute. The key issue is who will get Red-held Kaesong, where truce talks started July 10.

Negotiators are "nearer to agreement on a buffer zone than ever before," said Lt. Col. L. C. Hill, the briefing officer.

sion in the current group. Five went off at the range here last winter.

The fact that the flash itself was visible here—75 miles away—in bright daylight indicated to observers that it was not a so-called "baby A-bomb" of the type set off in the first test here.

That one couldn't be seen in this southern Nevada resort city.

Presumably, today's was dropped from a B-29.

Seven minutes after the explosion, a distinct concussion rattled buildings here. It was the first time in this fall's test that the sound waves have been noted in Las Vegas.

The rattling was accompanied by a long swishing sound audible to rooftop observers.

Concussion Lighter

The jarring was not nearly so severe as in last winter's blasts, however.

A white cloud soared more than a mile into the air within a few minutes. But it's stem disintegrated quickly. The cloud was touched with pink. But from here, at least, the brilliant flashes of color seen in Tuesday's blast were missing.

PROBE GRAFT CHARGES

WASHINGTON, Nov. 1—(AP)—The Senate preparedness subcommittee disclosed today it is investigating charges of graft at the Wright-Patterson Air Base at Dayton, Ohio. One man already has been indicted. Chairman Lyndon B. Johnson (D-Tex) said the inquiry stems from "recently uncovered cases involving the acceptance of money gifts, jobs, and favors by Air Force buyers for swinging contracts to favored concerns."

PRESIDENT GREETS PRINCESS. President Truman greets Princess Elizabeth of Britain as she arrives in Washington for a state visit. Making the introduction for the President is John F. Simmons, U. S. chief of protocol. Some 2,000 persons were crowded as closely as allowed to the scene. Other thousands were gathered along the motor route from the airport to Blair House, the presidential residence, where the royal couple are guests for a 45-hour visit in the capital.

• • •

Elizabeth

(Continued from Page 1)

Statler Hotel, where the princess and her husband attended a reception, clapped politely for Elizabeth but burst into excited squeals when Philip, tall and blue-clad in a lieutenant commander's uniform of the Royal Navy, appeared.

"Oooh, he's nice!" piped one teen-age voice from the crowd.

Philip Grins

Philip grinned, waved and hurried on inside.

The reception was given by some 900 news correspondents. It included the presentation of an Indian war bonnet for the royal couple's 3-year-old son, Prince Charles, and an Indian doll for their 3-year-old daughter, Princess Anne.

Elizabeth smiled, said she liked America fine and promised to come again when she could stay longer.

Next came the Blair House dinner — strictly a white tie and gold salad forks affair.

Besides the hosts and the guests of honor there were only 13 guests —the British and Canadian ambassadors and their wives, Chief Justice Vinson and Mrs. Vinson, acting Secretary of State and Mrs. James E. Webb, bachelor Sen. Green (D-R I), Sen. McMahon, (D-Conn) and Mrs. McMahon, and Sen. H. Alexander Smith (R-N J) and Mrs. Smith.

Princess Elizabeth wore a white and gold lace gown which she'd saved for the occasion. Mrs. Truman wore a full-skirted blue brocade dress and Margaret Truman a pale lavender satin dress with a small train.

To give you an idea how elaborate it was: the centerpiece was a mirror 13½ feet long with elaborate matching candelabra and fruit baskets.

It was there that Mr. Truman, in a toast, said that "When I was a little boy I read about a fairy princess and there she is." He also proposed a toast to the king, Elizabeth's father, and the princess offered a toast to the President.

A reception for about 100 guests followed the dinner, and the royal couple went up to their suite a little after 11 p.m.

Mr. Truman tried to give the royal visit something of a homey atmosphere through a strictly informal, I-used-to-know-your-folks sort of welcome when the princess and duke arrived by plane just before 4 p.m. (EST).

"Margaret tells me," he said to the princess, "that whenever anyone become acquainted with you they immediately fall in love with you."

Elizabeth beamed but stuck to her script.

She said the whole free world looks to the United States "with affection and with hope." And she promised that Britain and Canada will join this country in working "with all our strength for freedom and for peace."

Get Along Fine

Then, after a few dozen handshakes with visiting dignitaries, the princess climbed into a long black car with the President. Obviously pleased with each other, they chatted vivaciously all the way to the Blair House.

Philip rode in another car with Mrs. Truman and Margaret. He and the princess became acquainted with the President's daughter when she visited England last summer.

CRASH KILLS STUDENT

Jaycees Conducting Drive Urging Residents To Vote

A "Get Out to Vote" campaign sponsored annually by the Junior Chamber of Commerce will be in progress in Marion all this week until Monday night.

As part of this campaign, downtown street corners have been stenciled with the reminder "Vote Nov. 6." Tonight, placards urging Marionites to vote will be posted on telegraph and telephone poles.

The committee is also planning radio and newspaper publicity.

Chairman of the committee, Charles Turner, urges, "We want everyone who can vote to get out and vote Tuesday."

Assisting Mr. Turner with the campaign are Robert Veness, Al Webb, William Luse Jr., Wilbur Flach, Donald Allen, Wilson Ishida, Richard Lister, Ronald Heffner, Wayne Willis, Dwight Altman, William Noel and LeRoy Miller.

MARION DAVIES ARRIVES FOR HONEYMOON. Marion Davies drives off to a hotel at Palm Spring, Calif., with her husband, Capt. Horace G. Brown were married in a surprise ceremony yesterday.

Language Students Learn From Indians

NORMAN, Okla.—(UP)—Oklahoma's rarest resource, dozens of ancient, unwritten Indian languages, brought missionaries and anthropologists flocking to the University of Oklahoma campus from all over the world again this summer.

The students, most of them who speak many languages, listen to and record the tongues of the Kiowa, Comanche, Seminole, Pottawatomie and other tribe members in their classes.

Dr. Kenneth Pike, one of the directors of the annual school, said that 280 persons enrolled this year.

He said most are accomplished linguists already but that they find a study of the sound variations and words of the various Indian tribes helpful in learning the languages of uncivilized natives in South America, Africa and the South Pacific.

Most staff members of the school are missionaries on summer leave.

Snow Reminder Summer Now Thing of Past

A gentle reminder that summer has really bowed out of the 1951 picture greeted Mr. and Mrs. Marion and all the little Marionites this morning when they awoke to find the ground blanketed with snow.

The season's first snow brought a mad scramble for snow suits and boots by the small fry and their elders donned heavier topcoats and rain apparel.

Forewarned by the weatherman there would be rain and colder weather, he held out on the possibility of snow. However today, he predicts "cold, cloudy and possibly snow."

Although the light snow had disappeared by the time Old Sol was due to arise, the skies continued cloudy with only an occasional appearance of sunshine, and the air remained chilly and sharp.

Retires From Fire Dept.

Edgar D. Cook On Force Since 1920

The retirement of Edgar D. Cook from the City Fire Department, effective today, was announced this morning by Fire Chief Owen Sifritt.

Mr. Cook, 57, was born in Cardington and came to Marion as a young boy. He was appointed to the fire department Feb. 1, 1920, and was assigned to the West Center St. station. In 1929 he was transferred to the East Mark St. station and was transferred back to the Center St. station in 1938.

Before he became a fireman, Mr. Cook operated a taxi cab company in Marion and was a conductor for the city street car line. He is now driving a taxi for the Red Cab Co.

He lives with his wife at 123 Selby Ct.

TWA

and because proper local service requires frequent schedules which the trunk carriers can not provide.

The CAB was told that Michigan, Indiana and Ohio should be more closely linked with additional local air service.

K. Robert Ryan, attorney for Lake Central Airlines, said the three states have received more than 50 per cent of defense contracts let by the government.

Martin Leacock, deputy attorney general of Michigan, said he knows of no other section of the country "where every few miles is dotted with plants."

Anything that can be done to facilitate transportation and communication among cities in this area, he added, is of vital importance.

Cites Marion Need

Specifically, he told the board cities like Detroit, Indianapolis, Dayton, Columbus, and Marion, O., should be closely tied together.

The board listened to arguments on recommendations made last month by one of its examiners, R. Vernon Radcliffe, after a hearing on applications by several airlines, including Lake Central, which wants to extend its system of local air service operations into Ohio from nearby states.

Radcliffe recommended rejection of Lake Central's application. It proposes to hook up Ohio's chief cities with each other and with some cities in surrounding states.

Hahn urged the board to authorize Lake Central to run local service in Ohio. He contended that TransWorld Airlines, a trunk operator, had failed to provide a proper test of the potentialities of local service.

The board back in 1947 designated TWA as the carrier to try out local air service in Ohio.

Hahn said the board should authorize local service operations for at least five years and that renewals should be automatic.

He challenged the examiner's findings that the closeness of Ohio cities to each other cut down on potential air traffic. The fact that these cities are close to one another, Hahn said, broadens their community interest and makes it more important for them to be closely tied together by air.

Gorillas Go Begging On U. S. Zoo Market

ST. LOUIS—(UP)—This will be good news in the Cameroons and the Congo, Gorillas are a drug on the market.

Director George Vierheller of the St. Louis zoo said at least 10 were brought into the United States last year and the importers are finding few takers.

Formerly, Vierheller said, only one or two were brought in each year.

"Most of the big zoos already have all they can handle," he said, "and the smaller ones can't afford them."

He said "once you've got a gorilla on your hands you've got a headache." The animals are hard to care for in captivity and most zoos that can afford the big apes can handle only one or two. The St. Louis zoo has three.

Girl Scout Week Being Observed

Mark Birthday Anniversary Of Mrs. Low, Founder

Marion Girl Scouts are observing Girl Scout Week this week with individual troop activities.

A major fall event in Girl Scouting, the week is being celebrated nationally from Oct. 28 to Nov. 3 in honor of Juliette Low, founder of the organization, who was born in Savannah, Ga., Oct. 31, 1860. Girl Scout Week is held each year during the week which includes Mrs. Low's birth date.

Members of Marion's 40 Girl Scout troops opened the week Sunday by attending their churches in groups and by taking part in the 20th annual Harding pilgrimage.

A special project has been designated for each day of the week to enable troops to plan program activities. Sunday was Girl Scout Sunday and suggested programs for the other days were: Monday, Homemaking Day; Tuesday, Citizenship; Wednesday, Health and Safety; Thursday, Friendship; Friday, Arts and Crafts; and Saturday, Out-of-doors.

711 in Program

About 711 girls take part in Marion's Girl Scout program. There are more than a million and a quarter Girl Scouts in the world, with more than a million of these in the United States, where approximately nine out of every 100 girls seven to 17 years old are members.

Marion Girl Scout troops are organized for Brownie Scouts, age seven through nine, and Intermediate Scouts, age 10 through 13. Senior Girl Scout troops for girls 14 through 17 are being organized. Troop leaders are local women who volunteer their time and are trained by the Girl Scout Council. Headquarters are located at 217 West Church St.

Marion's first established camp for Girl Scouts was held this summer at Camp Young, the site for troop camping. Bark's Woods south of Marion, has been used for day camping for several years.

Founded in 1912

Girl Scouting in the United States was founded March 12, 1912, by Mrs. Low. By 1915, 5,000 Girl Scouts were enrolled and Mrs. Low became the first president. The Scouts became known for their services during World War I, and by the end of 1919, the organization had 34,081 mesmbers.

Mrs. Low became interested in Scouting soon after Lord Robert Baden-Powell, launched the Boy Scout movement in England in 1907. Girls became interested in the program also and Miss Agnes Baden-Powell, his sister, started the Girl Guide movement in 1909.

Mrs. Low, who had married an Englishman, William Low, and was living in England and Scotland, and the Baden-Powells became close friends. She started Girl Scouting in the United States when she visited her homeland in 1912.

Railroad Donates Bells To Southern Churches

LOUISVILLE, Ky.—(UP)—The Louisville & Nashville railroad is converting its locomotives from steam to diesel power and at the same time giving a helping hand to churches in several southern states.

The railroad has sent 47 of the steam locomotives' bells to churches in Kentucky, Tennessee, Alabama, Virginia, Illinois and Georgia.

Each bell weighs 300 pounds.

American Tobacco Is Widely Traveled

WASHINGTON —(UP)— The Agriculture Department spins quite a tale about tobbacco — especially travelling American tobacco.

A recent department report shows about $300,000,000 worth of U. S. tobacco was exported last year, ranking that product next to cotton and grain in the list of chief export commodities. About 30 percent of the 1950 crop was sent abroad, or 585,000,000 pounds, with nine-tenths of the total raw leaf tobacco.

During the year, leaf tobacco went to 93 different countries and cigarettes to 108 countries. Of all tobacco exports, three-fourths went to England and Ireland and continental Europe. One-eighth went to Asia; five percent to Australia and New Zealand and about four percent each to Latin America and Africa.

U. S. exports of tobacco are expected to be even larger this year. A record or near-record crop is predicted and experts note that stocks in several areas abroad are low relative to consumption. They expect the improved dollar exchange position of several important importing countries to offset smaller ECA grants.

Will Last Through November

Religion in American Life Campaign Opens

Today marks the opening of Religion in American Life month, with an extensive campaign program set up for the Marion committee, Dr. G. G. Nnetzel and Dr. J. B. Holloway, pastor of Trinity Baptist Church, are the co-chairmen. Participating are representatives of many organizations, service clubs, farm and labor groups, Junior Chamber of Commerce, Marion County Federation of Women's Clubs, Marion County Council of Church Women, Marion County Council of Churches and Ministerial Association, and Catholic and Jewish groups.

A meeting Tuesday night at which Marion was presented a national award for its R.I.A.L. work last year, served also as "kickoff" feature for this year's campaign. Charles P. Taft of Cincinnati made the award of a bronze plaque honoring Marion at the meeting at Trinity Baptist Church.

Leaders At Dinner

Attending a dinner at Hotel Harding preceding the presentation were a group who were active figures in last year's program, and who are now engaged with many others in promoting the interfaith drive for increased church attendance and support and its benefit to the community in every day living. Present besides Mr. Taft and the co-chairmen, representing the variety of organizations and groups backing the movement were Rev. R. W. Faulkner, Rev. L. Harrison Ludwig, Rev. L. R. Kennard, Lester L. Dickey, William Leonard, Mrs. Walter Hane, Mrs. Alva Gantt, Mrs. George Leedom, Miss Elaine Ballinger, William Noel, Robert T. Mason, Robert M. Sprouse, Joe Ionne, Ben Lenavitt, Dale Hartpence, Richard Probst, Ralph Hurr and Carl Haberman.

As a preliminary step in interesting the community in the church attendance goal, members of the Council of Church Women began Monday a plan of reaching by telephone each family in the community. Records of attendance at the services on each succeeding Sunday will be kept by cooperating churches. Stickers and posters with the wording of the R.I.A.L. theme are being distributed throughout the city and county in churches, stores, and shops, and wherever people gather, calling to all who read, "Take Someone to Church This Week, You'll Both Be Richer for It."

Two radio programs Sunday, over station WRFD, Worthington, and station WMRN, Marion, will present transcriptions recorded Tuesday night at Trinity Church. The shorter broadcast on WRFD at 3:45 p.m., will be a recapitulation by the principal participants giving highlights of the award presentation meeting and campaign. An hour long broadcast over WMRN at 6:30 p.m. will cover the entire service centering on the presentation of the award to Marion by Mr. Taft.

PRAYER BEFORE TAKE-OFF. Two chaplains lead a prayer service beside a B-26 bomber at Langley Air Force Base, Va., just before the first group of 12 planes of the 126th Light Bomber Wing took off for France and European service under Gen. Dwight Eisenhower. Left to right: Capt. James S. Merritt, navigator, Memphis, Tenn.; Brig. Gen. Frank Allen, Chicago, commanding officer of the wing; T/Sgt. Don Reno, St. Joseph, Mo.; Lt. Col. Charles Burke, Chicago, Catholic chaplain, and Lt. Col. Frank Arnold, Chicago, Protestant chaplain.

Welfare Group Give Talks At Guild Meeting

Outline Services Performed At Children's Home

Mrs Mildred Schuetz, executive secretary of the Marion County Welfare Board, Loren Giblin, acting superintendent of the Marion County Children's Home, and Eugene White, superintendent of the Detention Agency for Juvenile Delinquents, were guest speakers at an educational meeting of the Junior Service Guild Tuesday night. This was the first meeting of the 1951-1952 season and was held in St. Paul's Episcopal Parish House.

The function of the Child Welfare Board, with an account of its various services, was explained by Mrs. Schuetz. She stated that the board deals with children who need protective service. It is made up of four members appointed by the Marion County commissioners and one member appointed by Judge Edward Ruzzo of the Juvenile Court. Board members are appointed to serve three years.

Services Listed

The various services offered by the Welfare Board and outlined by Mrs. Schuetz are as follows: crippled children service, handicapped children service which aids children with hearing and sight defects, unmarried mother service; adoption and adoptive service, and placement service. Agencies available in the placement service include the Children's Home, boarding homes, and free foster homes.

Mr. Giblin explained the general setup at the Marion County Children's Home and outlined some of the physical needs of the building itself.

"Group living is an important factor at the Home and we are trying to make it a place to mold good citizens," he said.

Activities during the past summer and at the present time include swimming parties, movies, baseball, scouting, farm work, and trips to town. Future plans include the establishment of a merit system and a treasury or banking system, whereby the children will learn to manage their spending money.

Voices Thanks to Guild

Mr. White thanked the Guild for its new project of transforming the former chapel room into a general activities room. As well as filling his position of Detention Agency superintendent, Mr. White acts as assistant superintendent of the Home. The detention quarters are also used as a receiving center for children coming in to the home and as an isolation ward for communicable diseases. He explained that if both the girls and boys detention quarters are occupied, a small spare room is used for this ward.

Mrs Glen Penry, educational chairman of the Guild, introduced the speakers. Prior to the meeting, Mrs Frederick Rea, president, spoke to the provisional members, explaining the educational requirements of the Guild.

Boy, 6, Struck By Automobile

Mike Dawson, 6, of 124½ E. Church street, was slightly injured when struck by a car on W. Church St. at 4:15 p.m. yesterday. Police said the boy ran into the path of a car driven by Henry L. Hicks, 29, of Hughes Ct. The boy was taken to the hospital by police where he was treated and released. Police did not know the name of the boy's parents.

A truck driven by Paul W. Richardson, 23, of 675 N. State St. and a car driven by David C. Messenger, 30, of 319 Parten St. collided on North State St. at 4 p.m. Wednesday.

A parked car owned by Albert Best of 858 N. Main St. was struck by a hit-skip auto at 2:10 a.m. today. The car was parked in front of the Best home.

WAS SUBMITTED BY

H. O. RUEGER
275 Elm Street

ORIGINALLY BOUGHT FROM US
AND STILL IN USE!

MOST OF THESE PIECES WERE
HAND-MADE DATING BACK TO 1866!

HERE'S WHAT HE WRITES:

"We have a number of old pieces of walnut furniture in our possession that belonged to my mother's parents, Mr. and Mrs. Lewis Klingel. They were married Dec. 20, 1866 according to the record in a Bible in my possession. We are still using the bureau and the washstand that they bought at Schaffner's when they were married and went to housekeeping. We also have a walnut drop-leaf table, six walnut chairs and a stand or center table which were part of their furniture and were all bought at Schaffner's. Most of these, perhaps all of them have been in use for over eighty years.

"The bureau is stamped on the back with the Schaffner Co. stamp and the washstand did have written on the back "Made by Henry Schaffner" My wife remembers seeing it years ago.

"My own mother and my grandfather died in 1891 when I was three years old and I was reared by my grandmother and from my earliest recollection this furniture was in the home and had been since they were married. Grandmother died in 1921, over a year after I was married.

"This furniture is all in good condition."

We were surprised at the large amount of furniture sold so many years ago which is still in service and "as good as new!"

We had; in all, several score replies and, of course, many, many more pieces are undoubtedly in use of which we haven't heard!

One thing, we're certain, has been proven . . . there is no substitute for dependability, wherefor the slogan "Schaffner's Dependable Furniture" . . . and we point to our 85 years of service, with pride, and at the same time, deep humility that we have been permitted to share the well earned prosperity of the whole community, through merchandising policies instituted by our forebears.

TO THE BEST OF OUR ABILITY THE PIECES ON DISPLAY HAVE BEEN JUDGED ON ENTRANT'S STATEMENTS SUPPORTED BY WHATEVER LEGITIMATE EVIDENCE WAS SUBMITTED — DOCUMENTARY OR HEARSAY.

WHAT OTHER OWNERS OF FINE PRIZE WINNING PIECES HAD TO SAY ALSO!

Mrs. Carlos E. Tuttle says . . .

"I have a solid walnut rocker with a caned seat and back . . . bought at Schaffner's at least 84 years ago by my late grandparents, Mr. and Mrs. Andrew E. Dutt, for their newly built farm home in Pleasant Acres. I inherited it in excellent condition."

Mrs. D. R. Harrold declares . .

"Have two old rose-back chairs . . . walnut . . . bought about 85 years ago. In family four generations . . . bought originally by George Carhart, my great grandfather, when first married. Perfect condition."

Laura Gabler writes . . .

" . . . quite a few pieces . . . in use over 80 years, such as cane seated walnut rocker and straight chair to match (rose carved), 2 walnut spool beds, tables . . . others.

Olga Miller proudly wrote . . .

"I have a rocker that I know is very old, as my father, L. Hittenrauch, worked as a cabinet maker for Mr. H. Schaffner and made furniture and coffins. The rocker has a woven seat and ladder back."

Miss Gladys Edelman says . . .

"We have several pieces . . . living room furniture . . . purchased 80 years ago . . . Lady's chair, re-upholstered, never refinished."

Mrs. Ruth Howard avers . . .

"A set of six chairs . . . purchased by A. Albrecht in 1872. Chairs personally delivered by Henry Schaffner. In daily use for the last 16 years."

Laura John Clark declares . . .

" . . . a walnut bedroom suite . . . dresser and wash stand with a marble top . . . at least 71 years old . . . mother and dad married in 1880 . . . bought at Schaffner's the year before . . . other pieces."

Mrs. I. E. Myers writes . . .

"I have a dresser . . . purchased in 1870 . . . partly marble top . . . two small drawers raised on top and insets of different wood."

L. H. Guthery states . . .

"We have two stools which were purchased in Marion by my grandfather, Peyton Hord as Christmas presents for my mother and her sister on Dec. 24th, either in 1866 or 1867. Mother told of receiving these stools when she was 6 years old and as she was born April 20th, 1859, but am not sure whether the year was 1866 or 1867."

Mrs. Arthur Bachman remembers . . .

"I have a small arm chair and larger arm chair left to me by Mr. and Mrs. Francis Campbell . . . grandparents, who died in 1886. These are probably 80 years old or older."

Production Delay Costs Air Edge

U. S. Outlook For New Jet Fighters In Korea Is Dim

This is the first of two articles on air war developments against the background of Korea and East-West tension.

* * *

By ELTON C. FAY
Associated Press Military Affairs Reporter

WASHINGTON, Nov. 1—(AP)—Prospects are dim that the Air Force will get for use in Korea new jet fighters definitely superior to the enemy's Soviet-made MIG-15s, unless the war drags on for a long time.

Air Force experts said today they knew of no radically new type fighter now in production which can out-perform the F-86 or other American jets in their almost daily duels with MIG's in the high, thin air above the Yalu River boundary area. The F-86 and the MIG-15 are rated about equal.

Not Ready Yet

There are in the U.S. better planes and engines in development or approaching the production stage—as there probably are in Russia—but they aren't ready now although they may have advanced to the experimental model stage several years ago.

The warplanes coming out of American factories now are aircraft designed and ordered before or in the early days of the Korean war.

A recent news conference remark by Secretary of Defense Lovett points this up. He said we'll begin to get early in 1952 completed aircraft which were provided for by funds appropriated in 1950 (either before the outbreak of the Korean war or soon thereafter).

Because there is some flexibility in the design of a plane even when mass production lines have started, certain changes made in equipment or parts may produce some degree of improvement. Therefore, the present series of North American F-86's flying in Korea will not be as good as F-86 "E" series planes now starting to come off the line.

Moreover, specialized types of jet fighters, like the Northrop F-89 and the Lockheed F-94 "all-weather" planes, are in production. They are particular-purpose planes, equipped with extensive radar to help them find a target in any kind of weather, day or night.

Very Similar

The performance and general characteristics of the two jet fighter types which engage each other most frequently are strikingly alike (which is not strange, since many of their features grew out of the same common design by Germany's Luftwaffe engineers in the latter days of World War II). Here they are:

The MIG-15 — speed at high (25,000 feet or more) altitude 600 to 650; rate of climb, in feet per minute, between 8,000 and 9,000. range, with extra wing-tip tanks, about 800 miles (although the Red fliers in Korea have not been using their full normal range), total weight with fuel and armament about 11,000 pounds; angle of sweep-back to the wings (to allow more speed) about 38 degrees; guns apparently include one 37 millimeter and two 20 millimeters; engine 5,000 pounds thrust in original design copied from Britain's Rolls-Royce Nene engine, although this probably has been stepped up lately.

The F-86 — speed and rate of climb approximately same as MIG; range slightly longer, perhaps by about 100 miles; weight slightly over 13,000 pounds; sweep-back angle 35 degrees, armament six .50 caliber machine guns, up to 16 five-inch rockets; power, 5,200 pounds thrust.

"Lead Time"

Why does it take so long to build today's warplanes?

The Air Force and the industry have a handy, cover-all phrase to answer the question: "lead time."

Actually, "lead time" isn't the whole answer but it accounts for a large part of the interval between a congressional authorization to start buying a certain type plane and the time when the first production model rolls, shiny and new, out of the factory.

The lead time for a fighter is about 18 months. For a bomber it is 24 months.

Much of this lead time encompasses the tedious process of getting together the material, tools, and people to build the airplane. It takes time to make the tools to make the plane, sometimes more than two years to get a type of machine tool needed for a special type job.

Tools used for World War II plane production often are useless for today's warplane production, because even the basic plan for building the wings and fuselage have changed in a few years. No longer is the load carried entirely by a framework of beams and trusses. Now the skin of the plane itself carries much, even a majority of the weight. So, among other requirements, extremely powerful, heavy mills for producing the skins of the planes are needed.

Then there is the difficulty of getting together or training the highly skilled labor needed for airplane manufacture. Skilled labor is scarce in many big plane manufacturing regions for several reasons. Trained workers of World War II have gone to peacetime jobs. Other industries compete for those still available. But there is even a difference in the kind of worker needed in this war. Robert E. Gross, president of Lockheed Aircraft Corp., pointed that up this way in a recent address:

"In 1943, we figured that for a very specialized radar and electronic job, we could get along with one such technician for every thousand employes. Today, we need one out of 24 to be such a technician. In 1943, one out of 22 was an engineering employe; today, one out of eight."

But lead time in itself accounts for neither all the time nor all the reasons for the many months to get a plane into production.

Before "lead time" starts with the awarding of a firm production contract there is the period of design and development. That may run from two to five years, including the drawing board work and the building of a couple of prototype models for flight testing and for static tests of strain and other features.

STATE STREET JUNIOR HIGH SCHOOL STUDENTS

But is that unusual?—practically everything you buy today whether it be commodity, luxury or service . . . all have increased in price.

So we shouldn't be too surprised to find that we must pay more for building maintenance—that every item used in the school system now costs more—that we must pay teachers more to compete with other cities. And shouldn't we realize that it's going to take more to educate the estimated increase of 1000 pupils in the next 4 years—and greater salary expenditures to hire 27 additional teachers for them?

We urge you to give the school levy serious consideration before you cast your vote. A vote "for" is a vote to protect the future of Marion's School Children.

Say Gamblers Have Answer To Slot Law

Machines With No Slots, Removable Handles Reported

COLUMBUS, Nov. 1--(AP)—Did you ever see a one-armed bandit with portable arm? Or a slot machine you couldn't force money into?

There's a chance that you may if you frequent spots that used to have regular, old-fashioned slot machines.

Those who claim to be in the know predict these two variations of slot machines will be the gambler's answer to an Ohio law that bans all slots.

So far as could be learned, none have yet appeared in the state.

How They Work

Here's how they would work:

You wouldn't have to put money in to work one slot machine. In fact there would be no slot for the money. The operator's reasoning behind this is if a player couldn't put money in the machine it wouldn't be a gambling device.

However, payoffs could be made from a counter. A player could give a store or club owner a coin every time he pulled the handle and get his winnings from the operator of the place.

Another report is about a regular slot machine with a removable handle. When the handle was off, the machine could not be operated. But a player could "find" the handle someplace and play the machine.

State liquor agents and district internal revenue men say they've not run across such machines. But an aide to A. A. Rutkowski, state liquor enforcement chief, says the department is expecting a lot of "ramifications" of slot machines.

State law makes it unlawful to possess or exhibit slot machines. A recent state supreme court decision held that if a slot machine is in working condition, it is illegal even though no one is playing it.

The Liquor Department says it has heard stories that slots operators plan to try everything they can to beat the law.

MR. AND MRS. BOWER

* * *

Couple Wed 50 Years

Mr. and Mrs. Fred G. Bower of near Broken Sword will observe their 50th wedding anniversary Sunday with an open house for friends, relatives and neighbors. The couple will receive guests from 2 to 5 p.m. at their home, where they have lived all their married life.

Mr. and Mrs. Bower were married at Oceola, Nov. 5, 1901 by Rev. I. E. Barns. Mrs. Bower, the daughter of Mr. and Mrs. Joseph Aldt, was born in Waldo. Mr. Bower was born in Lykens Township, Crawford County.

The couple have two children, Mrs. Eleanor Ruth, now living in Tucson, Ariz., and Mrs. Evelyn Gebhardt of Lykens Township. There are four grandchildren, Eugene, Robert, Ellwood and Gloria Gebhardt.

Mrs. Bower is 70 years old and Mr. Bower, 72 years old. He has been engaged in farming all his life. They belong to the EUB Olive Branch Church.

Garden Club Votes To Back School Levy

Suggestions for discussion topics for next year were given in answer to roll call by 21 members of the Good Earth Garden Club who met recently for the last meeting of the season at the home of Mrs. Glenmore Hawkins on Forest St. Yearly reports were given and the 1952 budget of the Garden Center was approved.

The group voted to endorse the school levy. Plans were made for a Sunshine Fund to provide a yellow rose, the club flower, for any member who is ill or hospitalized. Members will attend a demonstration of holiday arrangements by Mrs. Richard Bessom at the Marion Country Club Nov. 29.

Lebanon Demands Stronger Role in Running Oil Industry

BEIRUT, LEBANON, Nov. 1—Lebanon has joined the parade of Middle East nations demanding a stronger role in running American and British-owned oil facilities in their lands.

The Chamber of Deputies—accusing the American - owned Trans-Arabian Pipeline Company (Tapline) of smuggling oil to Israel and refusing to hire a promised quota of Lebanese—demanded yesterday that the government push negotiations with all oil companies for revising their agreements with Lebanon.

Tapline operates the world's largest pipeline, spanning Saudi Arabia, Jordan, Syria and Lebanon. A subsidiary of the Arabian-American Oil Co., (ARAMCO), it is owned by the Standard Oil Company of New Jersey, Standard of California, Socony-Vacuum and the Texas Co.

Also involved is the Iraq Petroleum Co. (IPC), which operates a 560-mile pipeline from the Kirkuk fields in Iraq to Tripoli on the Lebanese coast. IPC is British-controlled, but Standard of New Jersey and Socony-Vacuum jointly own a 23 per cent interest.

Tapline carries some 300,000 barrels of oil a day, compared to 110,000 barrels for IPC, but the latter plans to double its capacity early next year.

Tapline has an agreement with Lebanon providing for annual payment of $110,000 for a right of way and $70,000 to cover Lebanon's expenses in guarding the line. A separate agreement signed in 1950 gave Lebanon two cents for each ton of oil loaded at Sidon on the Lebanese coast, or some $300,000 a year.

Ohio District Officers Elected by Kiwanis

COLUMBUS, Nov. 1—(INS)—Harold O. Danner of Madisonville was named governor of the Ohio District of Kiwanis International as the organization ended its 34th annual four-day convention at Columbus. Dr. Chester W. Dewalt, a Columbiana physician, was elected treasurer, and S. S Corthell of Akron, reappointed district secretary.

SHOOT OUT WINDOWS

FINDLAY, O., Nov. 1—(AP)—Two youths accused of shooting holes in $15,000 worth of plate glass windows with an air pistol were arraigned yesterday. They are Carl L. Arnold, 18, of Columbus and a 14-year-old Findlay boy. Police Chief Leo M. Larkins said they admitted riding around in Arnold's car Saturday night, shooting holes in about 100 store windows.

"Bonnie Scotland," one of the finest horses to enter Ohio, was purchased in 1858 by John Reber of Fairfield County.

Saves $175 in Taxes

Dumps $4,000 Worth Of Whisky in Kenton

Special to The Star

KENTON, Nov. 1—Whisky valued at about $4,000 was poured down the drain here Wednesday, but the owner figured he saved between $175 and $200.

James Dodson, owner of a Kenton cafe, explained it this way. About two weeks before liquor rationing was discontinued, management of the cafe he now owns purchased some 1000 fifths of a potato type whisky at approximately $5 a bottle.

But with rationing not in effect shortly afterward and more popular types of whisky available, his patrons had no use for the potato type drink. Even when he offered it at 10 cents a shot over the bar, they spurned it and laughed at him, he said.

Then he found that today, he would have to pay an additional tax amounting to from $175 to $200. If there would be any way of avoiding payment of tax for useless whisky, Mr. Dodson was interested. He couldn't sell it, the law forbid giving it away, so he wrote to the Internal Revenue Bureau to determine what could be done with it.

Wednesday morning Mr. Dodson invited Kenton Police Chief Clarence W. Sneldon, Hardin County Sheriff Clarence F. Brown and Kenton Liquor Store Manager Frank Burger to his place of business.

Then, in their presence, 795 bottles of the unwanted whisky were broken and their contents poured down the drain.

Mr. Dodson said the trash collector will have a sizeable quantity of broken glass to haul away.

Mine Blast Kills Twelve

Explosion Caused By Faulty Blasting

KAYFORD, W. Va., Nov. 1—(AP)—The coal mine explosion which killed 12 men yesterday was caused by improper blasting by the crew, the State Mine Department reported today.

A department spokesman said the crew apparently placed several dynamite "shots" under some overhanging slate to loosen it, and the resulting blast ignited the coal dust in the air.

He said the manner in which it was done is forbidden by law and mines department rules.

Seven bodies were removed during the afternoon and the last five just before dark. Most of them showed burns, which meant they had been killed outright by the blast.

Two of the dead were a father-and-son team. Another left a widow and seven children.

The mine, a rather recently opened pit owned by the Traux-Traer Coal Co., is located about 35 miles southwest of Charleston, the state capital.

National Women's Christian Temperance Union was organized at Cleveland on Nov. 18, 1874.

Harding Citizenship Class Gets Candidate Information

In order to provide the people of Marion with information regarding the candidates who are running for office in the election next Thursday, the citizenship education class of Harding High School has compiled from personal interviews, statements from 21 of the candidates whose names are on the ballot.

This project was undertaken by the class so that the voters of Marion will have an opportunity to better know the election candidates. The statements, which includes the candidates' attitudes toward local government, have been printed exactly as they were given to the students and assembled in folders.

In order that the public might have an opportunity to secure these folders, special information booths have been set up in two downtown business establishments, at Penny's store and at the National City Bank. Students are manning these booths the remainder of this week and also on Monday of next week to distribute the folders.

On election day, the class will visit the polls at various times, and also make a spot check of the town asking residents how many are registered voters and how many are voting.

The 28 seniors in the Harding citizenship education class are under the instruction of Miss Edith Brown.

Calvary Revival Campaign Opens

Opening service of a revival campaign at Calvary EUB Church was Wednesday night. Rev. H. L. Zachman of Canton is the evangelist. Special music was by Mrs. Irwin Jobe who sang "Divine Compassion," and participation of a choir added to the service.

Tonight, the message will be on "Wholesome Conditions in the Pulpit and the Pew," Friday night, "A Soul Saving Conscience," and Saturday night, "How To Win To Make a Success of Life," it was announced.

In his first message, Rev. Zachman told the audience, "We are greatly in need of a spiritual awakening in this country. This is a spiritual campaign. It means that we must stand together and that we will do our best for the Lord in these days. It is a tragic thing for any church to say, 'We will hold a revival,' then make nothing of it. If we will assume our responsibility and do our part, God will give us the victory, make us channels of blessing. Everyone can pray and try to win someone to Christ."

Procter & Gamble's Exciting, New

CHEER specially made for "Tough-Job" Washing

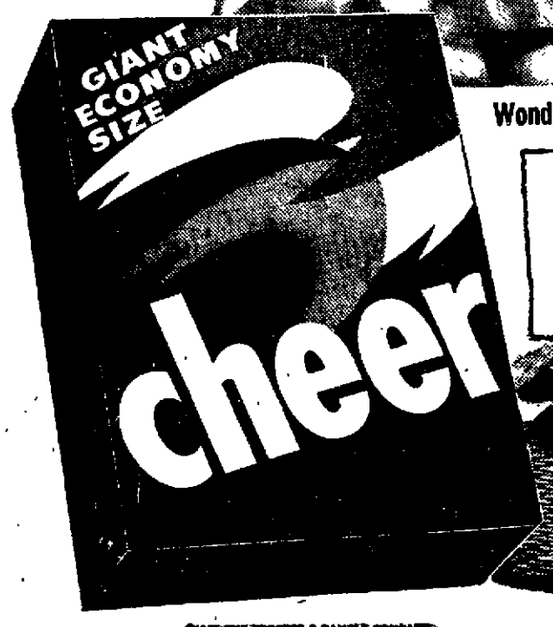
You've never seen anything like it!

New CHEER is Procter & Gamble's latest—the most exciting washday discovery in more than 100 years of soap making. And it's specially made to do "tough-job" washing better than any kind of soap you've ever used.

Try it on toughest washing jobs!

See how greasy overalls, grimy play-clothes, hard-to-wash shirt collars and cuffs come really clean in hardest water. When you see how easily CHEER suds handle dirtiest clothes, you'll see why new CHEER gets all your wash so wonderfully clean!

Wonderful for No-Rinse washing, too!



Double your Money Back

if you don't agree that new CHEER does "tough-job" washing better, gets clothes cleaner, whiter in hardest water—than any brand of soap you can buy.

Here's the secret!

New patented formula makes CHEER different from any washing product you've ever used! CHEER is specially made with the extra power you need for your extra-tough washing jobs!

Safe for colors, too!

With all its "tough-job" washing power, new CHEER is safe for colored washables, kind to hands!

Prove it next washday

New CHEER does tough washing jobs better—gets clothes cleaner, whiter, in hardest water—than any kind of soap you've ever used. TRY IT!

Keep Cheer on hand! Get the Giant Economy Size package.

Union Co. School Verdict Expected In November

MARYSVILLE—The Court of Appeals of this district is expected to rule in November on whether the recently created Northwestern School District was legally formed by the Union County Board of Education.

After a Common Pleas court decision upheld the consolidation, a group of York Township citizens appealed the ruling. The case hinges on whether there were sufficient valid signatures on a remonstrance filed against consolidating York, Taylor, Liberty and Peoria special districts.

Production Credit Assoc. Elects Two Directors

Two directors were elected when the Production Credit Association held the last of a series of five meetings Monday night at Pleasant School.

Walter J. Kerr will succeed H. I Swalley as Crawford County director and W. B. Heckathorn was chosen Wyandot County director to succeed Wesley Gregg. Swalley and Gregg are the only directors whose terms expired this year. Kerr and Heckathorn will serve for three years.

H. A. Mayers, Marion County director, conducted the meeting. Other meetings were held in Crawford County Oct. 22, Wyandot County Oct. 23, Morrow County Oct. 24 and Hardin County Oct. 29.

Tobacco can be grown in a wide variety of climates from southern Canada to the tropics and on most kinds of soils, except very wet soils.

CONGRATULATIONS. Lord Woolton (left), chairman of the Conservative Party, shakes the hand of Britain's new prime minister, Winston Churchill, as they exchange congratulations after their victory over the Laborites.

Your Good Health

By DR. HERMAN N. BUNDESEN

Medicine Has Come Long Way

Medical progress during the past century has been astounding. To us, many of the practices which were standard 50 or 100 years ago now seem little short of barbarous. At one time, for instance, a doctor who failed to bleed and purge a patient for an infectious disease might have been considered guilty of not practicing medicine correctly General Washington, for example, was bled as he lay dying.

Today, this form a treatment has been almost entirely abandoned. The only time a patient may be bled is when there is sudden heart failure, with a history of high blood pressure.

Not too long ago, all cases of appendicitis were treated medically. The present-day treatment of shock with the giving of blood plasma, is a "far cry" from the old-time treatment of digitalis and strychnine.

Nevertheless, many of the old ideas are still current in the minds of many people. One of the most famous of these is that albumin in the urine always means Bright's disease or kidney disease This is not always true, for there are conditions in which the patient with albumin in the urine can be cured completely.

Many believe that all convulsions are due to epilepsy, but this is untrue; a high fever may cause a convulsion as can many other disturbances.

A heart murmur is not always due to heart disease Many heart murmurs are caused by anemic conditions. Very often children will have heart murmurs which disappear as they grow older.

Many believe that all forms of insanity are incurable. This is not true, for more and more people are being cured of what was once believed to be hopeless insanity.

Spots on the lungs were always believed to be due ot tuberculosis, but modern medicine is proving that many of these are the result of damage caused by pneumonias, lung tumors or infection of the lung by a fungus.

It was once a general idea that a misplaced womb, pushed backward instead of forward, was the cause of sterility. This is not true.

Friends Turn Out To Help Injured Union Co. Farmer

Special to The Star

MARYSVILLE — Friends of Drew Adams converged on his Dover Township farm several days ago and harvested 40 acres of corn in a day. Mr. Adams recently suffered a broken kneecap and was unable to take care of the harvest. Twenty-three men and six pickers did the work.

Homecoming

(Continued from Page 1)

they will be met by their escorts and taken to the center of the heart where the crowning will take place.

Miss Simmons will be crowned with a coronet of yellow mums and will be presented an arm bouquet of yellow mums. Immediately following the crowning, Miss Birdie Borland of the class of 1952 will sing the "Sweetheart Song of Harding High School," words of which were written by Miss Mary Lou Swigart of the class of 1949 to the tune of 'Sweetheart of Sigma Chi."

The queen and her court then will be seated on a special stand in front of the stadium for the game.

Carrying the crown of flowers and the arm bouquet will be Peggy Walker and Mike Fellabaum, miniature majorette and drum major of the Harding band.

The five girls will be attired in suits and will wear strands of pearls, gifts from Carroll's Jewelry store. The four attendants will wear halos of yellow baby mums in their hair and corsages of large yellow chrysanthemums All flowers for the occasion are being provided by Hurst's Florists.

Half Time Program

A special program for the half time break has been arranged by the Harding band During this time, a watch, donated by Carroll's will be awarded to the oldest Harding graduate present.

Following the game, a special Homecoming dance will be held in the Club Co-Ed rooms at the Y.M.C.A., and Miss Simmons has planned an open house affair at her home.

Plans for the Homecoming event are in charge of members of the Harding Student Council. Miss Margaret Wolfley and Mrs. Barbara Willmeth are serving as advisors for the program, while Anthony Schiavo is the advisor for the decorating committee.

The queen and her court were chosen by student ballot from among a group of 28 candidates nominated by the senior class.

Harding Clashes With Columbus South In Homecoming

DURABLE IS WORD FOR PREXY LINEMEN. Football's celebrated platoon system means little to Tats Taylor, left, and Jim Arnold, Harding's standout linemen. Both have missed only three minutes of play out of a possible 84 minutes of play in Harding's seven games to date. Arnold is a double-duty tackle while Taylor plays tackle on offense and backs up the line on defense.

Injuries Have Prexies Worried for Tough Foe

By JOHN SHORT

Harding High School's Presidents will be meeting their last non-Buckeye League foe of the year tomorrow night at the Stadium against Columbus South.

It will be the next to the last home game of the season. The Prexies will meet powerful Fremont Ross and Sandusky in their final two games. Both teams are rated near the top of the Ohio prep teams.

The Prexies will be shooting for their fifth win of the season before what is expected to be a near capacity homecoming crowd, depending on the weather.

Harding Queen

Miss Suzie Simmons, member of the senior class at Harding, will be crowned homecoming queen during special pre-game ceremonies. It will be the fifth annual Harding homecoming.

Members of Miss Simmons' court will be Beverly Hurley, Barbara Orr, Marjory Dearth, and Betty Plantz.

Harding although badly banged up in the Ashland game last week, in which the Prexies were laced, 19-6, may be up for the Columbus tilt. However, they will enter the game as underdogs due to a potent aerial attack. The visiting Pirates' best effort to date came last week when they held a mighty Columbus East eleven to a two-touchdown win after battling on even terms for three quarters.

The Presidents may be without the services of Chris Brady who was banged and bruised in the Ashland fracas. Coach Pete Howison also expects to use big Tom McClain only part time. McClain, workhorse of the Harding backfield, is slowed up by injuries.

Jim Chapman and Jim Russell also are slowed and may see only limited action.

Picks, Illini, Ohio State To Win Saturday

By HAROLD CLAASSEN

NEW YORK, Nov. 1—(AP)—A party bore and a football are the same thing—just a bag of wind.

Here are some winners of the coming week end's football games:

Illinois over Michigan: Both are undefeated in the Big Ten this season and neither apparently is as strong as its record indicates. Karras of Illinois, already has scored 10 touchdowns this season and needs only three more to tie the mark first set by Grange. He'll get enough points in this game to beat Michigan.

Tennessee over North Carolina: Even with its flock of injuries, Tennessee is favored over a North Carolina team that hasn't reached its full potential.

Princeton over Brown: The nation's longest current winning streak goes to 19, unless Princeton has spent all week relieving that tremendous victory over Cornell.

Notre Dame over Navy: The Irish may be predominantly freshmen and sophomores but they know their way around, especially if their playground is a football field.

Others, in a hurry: Alabama over Georgia; Wisconsin over Indiana; Texas over Southern Methodist; Georgia Tech over Duke; Iowa over Minnesota; Kansas over Nebraska; Ohio State over Northwestern; Oklahoma over Kansas State; Purdue over Penn; Cincinnati over Hardin-Simmons.

JAW PROTECTION. Drake's Johnny Bright tries on a specially constructed mask in Des Moines which he will wear to protect his broken jaw in remaining football games this season. Bright, the nation's leading offensive gridder, received the broken jaw in the Oct. 20 game with Oklahoma A. & M.

Pirates Shooting for 17th Straight

Cardington, Elm Valley Battle In No. 1 Area Game of Week

Something will have to give when unbeaten Cardington and Elm Valley (Ashley) bumps heads Saturday night on the Cardington gridiron.

Both the Pirates, unbeaten in 16 straight games over a two-year period, and Elm Valley with a 6-0-1 record boast high-scoring machines and the game is expected to be a battle of offensive powers.

Slight Favorite

Comparative scores rate Coach Dennis Bell's Pirates a slight favorite, but Coach Emil Ihnat's Aces will be out to end the opponent's long streak.

Cardington won over Elm Valley by a two-touchdown margin last season. The Aces downed Mt. Gilead later and now boast an unbeaten string in the last eight contests.

Dennis' eleven employs mostly the single-wing formation with an occasional T formation while Ihnat's Aces employ only the T.

The Aces will need to stop high-scoring Bill Henthorne if they hope to win. With 164 points in seven games, the fast-stepping halfback is one of the top scorers in the state. They will also face a fine passer in Don Kelley.

Starting lineup for Elm Valley is expected to be: ends, Jack McGrath and Larry Carper; tackles, Roger Kipp and Ronald McKenzie; center, Jim Pendleton; guards, Von Redd and Don Cummins; backs, Dick Howard, Charles Martin, Don Redd and Wayne Lust.

Platoon System

Employing the platoon system, Cardington will use: ends, Noel Underwood, Roger Davis, Tom Conoway, and Miles Hack; tackles, Myron Rinehart, Melvin Maceyko, Ben Cumston, and Melvin Robinson; center, Dick Heimlich, and John Wilson; guards, Jim Snyder, Dan Foster, Jim Lorimer, and Tim Hardman; backs, Bill Henthorne, Bradley Landon, Don Kelley, Dale Coomer, Don Ocker, Bob Bowman, and Jack Williamson.

Bowman is a former Harding trackman, while Snyder formerly played for Edison Junior High School.

Louis Again Declines To Say He'll Retire

NEW YORK, Nov. 1—(AP)—Admitting that he has come to "a turn in the road," ex-heavyweight champion. Joe Louis, wants more time to think over his future plans.

Louis issued a statement yesterday — apparently prompted by the action of the Illinois Athletic Commission which said it would not permit him to fight in that state — asking the public to "bear with me while I think out my future plans."

The statement said nothing about retiring, a move which has been predicted freely by those close to the old Brown Bomber after his knockout by Rocky Marciano last week. They still think, though, that he never will fight again.

"Many people," he said, "undoubtedly kindly disposed and in all good will, have had varied opinions on my future."

But, he said he would make no definite announcement until his return from an exhibition tour of Japan. He is scheduled to leave for Seattle on the first leg of the trip on Nov. 10.

Detroit, Columbus Study Agreement

DETROIT, Nov. 1 — (AP)—General Manager Charles Gehringer of the Detroit Tigers said today the club is sifting several offers for working agreements from triple-A teams.

Gehringer said Columbus (O.) of the American Association and San Diego of the Pacific Coast League were among those who have offered to enter working agreements with Detroit.

The Tigers sold their triple-A farm at Toledo, O., yesterday for "more than $100,000." It had been a consistent money loser and a second-division finisher. A syndicate of Hollywood and Toledo men bought it.

Cincy Reds, Buffalo Renew Agreement

CINCINNATI, Nov. 1—(AP)—The Cincinnati Reds have renewed their working agreement for the 1952 season with Buffalo of the International League.

General Manager Gabe Paul of Cincinnati said yesterday that the Reds will agree to terminate the agreement within a reasonable time if the Bisons are sold.

Cincinnati owns four minor league teams outright: Tulsa, Okla.; Charleston, W. Va.; Columbia, S. C.; and Ogden, Utah. It had its first working agreement with Buffalo during the 1951 season.

Although water holes are gathering places for many of the animals on which the lion preys, he seldom makes a kill at one of these oases.

Former Pro Star

Toledo Coach Resigns After Brawl With BG

TOLEDO, O., Nov. 1—(AP)—Don Greenwood has quit as Toledo University football coach, just four days after his team was involved in a brawl with Bowling Green players.

The former pro star made no comment when he handed in his resignation yesterday, but he was reported irritated because his school made no complaint following the game at Bowling Green last Saturday.

Greenwood, authoritative sources said, felt the officials allowed too much roughness to develop and believed his school should have followed it up with a protest.

Toledo won the game, played in rain and mud, 12 to 6. Players from both teams began swinging fists as it ended and about 100 fans joined in.

No Serious Injuries

After five minutes, the melee ended of its own accord with no one being seriously hurt.

Greenwood was elevated from assistant to head coach at the school last spring, but his salary was reported never proportionately increased. This was believed to have been another factor in his decision to quit.

A former backfield player for the Cleveland Rams and the Cleveland Browns, Greenwood coached at Lakewood, O., High School before going to Toledo. His club has won four and lost three games this year.

The riot was similar to one that took place in 1934 and resulted in the two schools severing football relations until three years ago.

Greenwood viewed movies of the game Saturday and contended they showed four plays on which violations were committed against his players, but no penalties were called.

Knocked Out

The play he raised his greatest objection to was that in which Toledo Fullback Mel Triplett was knocked out. Greenwood said he was the victim of an illegal block, thrown after the referee whistled the play dead.

A 15-yard penalty was called on Toledo after Greenwood ran out on the field to protest.

Greenwood, who still suffers from an injury received in pro football play, later explained his feelings. "I feel this personal foul thing is what is killing football today," he said. "You can't pass up such a thing because a player when relaxed can be permanently injured."

The school's athletic board was to meet today to act on the resignation. A spokesman said it "probably would be accepted."

Says Dressen Good Manager

SAN ANTONIO, Tex., Nov. 1—(AP)—Jackie Robinson doesn't like that blast Birdie Tebbetts put on Brooklyn Manager Chuck Dressen in the Erv Palica case.

Dressen publicly charged Palica with being gutless and Tebbetts, Cleveland Indians catcher, yesterday criticized him for it.

"Did Tebbetts ever play for Dressen?" Robinson, Brooklyn second baseman in San Antonio on a barnstorming tour, asked. "Of course, Tebbetts didn't. If he had played for him, Tebbetts never would have talked like he did."

Tebbetts said in Boston yesterday that "we all were glad when Dressen blew the National League pennant in the playoff series with the New York Giants. Dressen showed lack of sympathy and understanding for his players as well as poor sportsmanship several times during the past season."

Tebbetts said Leo Durocher, on the other hand, always gave full credit to his New York Giant players during their pennant drive. "But Dressen accused his rookie pitcher, Erv Palica, of being 'gutless' after he turned in a poor game while worrying about his sick wife and his high blood pressure disclosed by an army physical examination."

But Robinson declared that Dressen tried every other method to bring Palica back to his 1950 ability. "All our players knew Dressen was doing all he could to help Palica, and our players—who should know the inside dope—feel that Dressen was right. We like him. We think Dressen is a good manager, and if you want to find out go to his players, but don't take the word of an outsider."

GRAHAM VS. CESARIO

CANTON, O., Nov. 1 —(AP)—Billy Graham, leading welterweight contender, and Johnny Cesario of Hartford, Conn. tangle in a 10-round bout tonight. The fight will be the first in the city's New Memorial Auditorium.

Chide Hunters' Reluctance In Shooting Does

WASHINGTON, Nov. 1—(AP)—Deer hunters are gentlemen, they won't shoot a lady deer, and that's bad, says the National Wildlife Federation.

The idea that it's not the thing to shoot a doe has "resulted in more waste venison and overbrowsed forests than any other factor in big game management," the federation said in a statement today.

The don't-do-in-a-doe idea is a "deeply ingrained idea, amounting almost-to a supersitition," the federation continued, taking a dim view of the misguided chivalry.

The national federation, a nongovernmental group, claims a membership of 4,000,000 sportsmen and conservationists and is affiliated with 42 state wildlife federations.

An official of the New Hampshire game department reported this year, the federation went on, that hunting deer of both sexes had gone on for 300 years in that state without apparent harmful effects on the deer population.

The buck law—shooting only male deer—is all right for starting small herds, but continued too long is wasteful and biologically unsound, the conservation group contends.

Football Trainer Returns To Duty After Squabble

YPSILANTI, Mich., Nov. 1 — (AP)—Merrill Hershey returned to his job as trainer of the Michigan State Normal football team today and the school said peace had returned to its athletic department.

Settlement of the two-day dispute was announced by Ralph Gilden, chairman of Normal's board of athletic control.

Head Football Coach Harry Ockerman removed Hershey Monday, claiming the trainer was not performing his training room duties properly.

Following Hershey's removal rumors developed that there had been "irregular" use of novocain on injured athletes who were returned to the games in which they were hurt. Novocain is a pain deadener.

Gilden said a lengthy meeting of the athletic board failed to discover any foundation for the rumors.

Football Fatalities Said on Decline

LOS ANGELES, Nov. 1 —(AP)—Football fatalities have decreased sharply this fall compared to the same period a year ago, Dr. Floyd R. Eastwood, chairman of the Fatalities Committee of the American Coaches Association, disclosed in a mid-season report today.

To date there have been five deaths traced directly to football, and five indirect fatalities. Last year at this time there had been 13 direct and four indirect deaths, of 17 compared to this year's 10.

Five of the total fatalities were caused by head or neck injuries.

Dr. Eastwood, dean of men at Los Angeles State College, said head and neck injuries indicate the use of faulty, inadequate or improperly adjusted headgear. His committee has repeatedly stressed the importance of careful examination and adjustment of the helmets.

CAGE TOURNEY SET

TROY, N. Y. Nov. 1—(AP)—The fourth annual National Catholic Invitation Basketball tournament will be held here March 15-22. The 1950 and 1951 tourneys were held in nearby Albany. St. Francis of Brooklyn is defending champion.

Campanella Named Most Valuable

Wins Despite Team's Folding In Flag Drive

NEW YORK, Nov. 1—(AP)—Roy Campanella will always remember 1951.

Throughout the year the husky, hard-hitting catcher of the Brooklyn Dodgers was hampered by injuries, but now Campanella has reaped the fruits of his labors. He was named yesterday as the National League's most valuable player for the past season by a 24-man committee of the Baseball Writers' Association of America.

Campanella is only the third catcher since 1931 to win the coveted award. The other receivers to gain the honor were Gabby Hartnett of the 1935 Cnicago Cubs and Ernie Lombardi of the 1938 Cincinnati Reds.

The 29-year-old Dodger star collected 243 points out of a possible 336 to win in a breeze Stan Musial of the St. Louis Cardinals, winning his fifth batting title with a 355 average, finished second with 191 points. Points were awarded on 14 for first place vote, nine for second and so on down to one for tenth.

Surprised

Campanella, reached in Houston where his All-Star exhibition team is stopping was surprised when informed that he had won the award.

"I had forgotten all about that award," he said "After we were beaten in the playoff by the New York Giants, I just didn't think about it any more."

"I surely am happy about it now. I gave my best and I surely am grateful to the Baseball Writers' Association for voting me in."

Campanella's selection marked the sixth time since 1931 that a player not on a pennant winner won the award. The others were, Chuck Klein, Philadelphia, 1932; Ducky Medwick, St. Louis, 1937; Lombardi, Cincinnati, 1938; Bob Elliott, Boston, 1947 and Musial, St. Louis, 1948.

The star backstop drew 11 first place votes while Musial, only player named on every ballot, collected two. Trailing Musial were, Monte Irvin, New York,third; Sal Maglie, New York, fourth; Preacher Roe, Brooklyn, fifth; Jackie Robinson, Brooklyn, sixth; Richie Ashburn, Philadelphia, seventh, Bobby Thomson, New York, eighth; Murry Dickson, Pittsburgh, ninth; and Ralph Kiner, Pittsburgh, tenth.

Some 58 players received votes of honorable mention but Jim Konstanty, Philadelphia's relief pitcher and the 1950 winner failed to draw either a vote or honorable mention.

Great Season

Campanella enjoyed a great season despite his series of injuries. The collapse of the Dodgers who blew a 13½ game lead and lost the pennant to the Giants in a playoff, was no fault of Roy's.

The well-liked receiver's injury string began last January when an oil-burner in his home exploded and nearly blinded him. Campanella suffered a slight fracture of his right thumb during spring training.

During the season he was spiked on the hand, had arm trouble and was hit on the head by a pitched ball by Chicago's Turk Lown. On the final day of the regular season Campanella pulled a muscle in his left thigh and caught only the first of the three playoff games against the Giants.

Despite these injuries Campanella played in 140 games. He batted .325, fourth highest in the league, drove in 108 runs and poled 33 home runs.

SAWYER SIGNED TO THREE-YEAR CONTRACT. Eddie Sawyer (left) manager of the Philadelphia Phillies, looks up at club president Bob Carpenter, as he opens pen before signing new three-year contract, as team's manager at Philadelphia. Signing took place in the Phillies office.

State Street Tops Edison

State Street Junior High School made good on all three extra point attempts to edge Edison, 21-19, yesterday. All were made on line plunges.

Edison took a 12-0 lead in the first quarter but the State Streeters fought back for a 12-7 deficit at halftime.

Scoring in the third and fourth quarters while holding Edison to seven points in the final period provided the winning margin for State Street.

Larry Cross accounted for two TDs for the winners. He also added an extra point on a line smash. Gary Ballinger and Sterling Moore added the others. Tom Hazen with two TDs and Tom White with one led the scoring for the losers. Bob Stauffer added one extra point by rushing.

APPEAL DENIED

DEDHAM, Mass. — (UP) —A Quincy woman was drunk when she appeared in court to appeal a jail sentence for a previous conviction on a drunkeness charge. She lost the appeal.

Stubborn Hitch-Hiker Holds Up Traffic

VERSAILLES, Ky. —(UP)—A Lexington driver had a time of it with a stubborn hitch-hiker.

A laundry company driver said he first picked up the hiker when the man stood in the middle of a street and refused to budge until given a ride.

Once in the car, the hiker again refused to budge after reaching his destination. The sherrif finally had to extract him.

The hitch-hiker was jailed on a charge of being drunk in a public place.

THEY UNDERESTIMATE

INDIANAPOLIS, —(UP)—Mrs. Alice Howard, 41, said after giving birth to her 20th child that she and her husband originally had planned "to have only two."

Acheson, U.S. Staff in Paris

PARIS, Nov. 1—(AP)—U. S. Secretary of State Dean Acheson arrived in Paris today to work "for an effective world-wide system of collective security" at the United Nations session opening Nov. 6.

Acheson, Warren Austin, Philip Jessup, Mrs, Franklin D. Roosevelt and other American representatives on the U. N. delegation arrived aboard the liner America at Le Havre.

Both Acheson and Austin issued prepared statements to newsmen at the station.

Austin said that "agreement on a truce in Korea would be a significant step that could lead to a peaceful solution of many issues."

Acheson declared that "the gains which Europe has been making day after day toward unity of spirit and unity of action are of great importance to the rest of the world."

"Europe is building a core of strength upon which the defense of peace and freedom in the world heavily dependent," he said.

KICKING IT AROUND. Coach Kenny Somerlot, Harding basketball and track coach says the Presidents dropped Lima South from its cage schedule because of differences in style of play. And Kenny doesn't mean South is too tough. The locals won three out of four in the series . . . .

Quote a Columbus sports columnist: "A dozen orchids please for WTVN Sportcaster Bill Brown, whose efforts have resulted in a $400 wrestling mat and 60 pairs of tennis shoes being presented today to athletic-minded youngsters at the State School for the blind.

Agreed here, but what would a fella do with all those orchids and only one girl?

EARLY SNOW. Up in Minnesota where Wes Fesler is whipping his freshman gridders into condition for the next game, the first snow of the season has fallen . . . And why did all the spectators groan when it was announced the Gophers were losing to Michigan last Saturday at the OSU-Iowa game? Was it just the Wolverines or a sentimental feeling for Wes?

Dean Ludwig, Harding gridder of last season now a member of the Michigan traveling varsity has played 10 minutes in Wolverine games to date. He was injured slightly, but is ready for action again . . .

* * *

MOANIN' IN THE GLOAMIN'. Army Coach Earl Blaik groans, "The boys spirits are still good—as good as they can be under the circumstances, that is—but it's been mighty rough. Every team is playing us as if we're the Army of old. They're fired up—out to beat us. That's only natural."

Is it because they want to beat Army or Blaik? The Black Knights' general isn't the most popular coach in the business. In their heyday the West Pointers did quite a bit of "closing the gates of mercy."

* * *

DIGESTABLE. From the Reader's Digest comes a release for their November issue. A college professor agreed to give a star footballer another chance after flunking him.

"I'd pass him if he could only spell one word,' said the Prof.

He kin so spell a word,' said the coach.

'He can't,'" insisted the professor.

"Trouble is" complained the coach, "you want him to spell big words."

"He can't even spell 'coffee'," said the Prof.

"That's a big word, got two syllables."

"If he gets even one little letter right, I'll pas him," promised the Prof.

"Prexy, I'll buy that," said the coach, "I guarantee he kin git one letter right."

So the star gridder was called in.

The coach gave a short pep talk. "Git in there and spell 'coffee' fer the perfessor, and if you git just one little letter OK, you kin keep on playing for us."

The player braced his feet, concentrated hard and spelled slowly, 'K A U P H Y."

Bishops Risk Win Streak

DELAWARE, O., Nov. 1 — Ohio Wesleyan places its glossy five-game winning streak at the mercy of Mount Union's Purple Raiders in an Ohio Conference headliner at Alliance Saturday.

The game pits the only two teams undefeated and untied in conference play this season. The Bishops, who started their winning skein after dropping the opener to Bowling Green, have repelled three league foes, while the Raiders defeated Akron in its only loop start.

No changes are contemplated by Wesleyan coach Glenn Fraser from the lineup that started against Oberlin last week. Two offensive starters were shaken up in the Yoeman battle — Fullback Dwight McMahan and Right End Dick Brubaker — but both are expected to open against Mount.

If the Raider's lightweight end, Pat Mancuso, recovers from an ankle injury the game may shape up as a "receivers" battle. The Mount end has caught 21 passes for 337 yards and six touchdowns in the four games he has played, while Wesleyan left flanker Dale Bruco has accumulated 492 on 22 catches and five scores.

This may be the year and the game Wesleyan runs out of rabbits' feet. The supply held out in taking last minute victories against Case and Denison and in holding a three-touchdown load against Oberlin. The luck element also has been with the Bishops in their four previous meetings with Mount, all of which ended in OWU victories 13-6 in '47, 17-14 in '48, 34-12 in '49; and 27-9 in '50.

The motto on the first penny authorized by the U. S. Congress was inspired by Benjamin Franklin and said, "Mind your business".

Civic Chorus To Rehearse For "Messiah"

First rehearsal of the Marion Civic Chorus for annual pre-Christmas presentation of the oratorio, "The Messiah," will be Sunday afternoon. Under the direction of Prof. Rexford Keller of Delaware, head of the Ohio Wesleyan University music department, the chorus will sing the music Sunday night, Dec. 2, at Epworth Methodist Church.

Rehearsals will be held at the church on Sunday afternoons at 3. Approximately 100 voices were heard in the production last year, and each one has been notified of the practices this year, besides members of church choirs in the city. It was announced that anyone wishing to sing in the chorus may report at the rehearsal Sunday afternoon. Mrs. Earl N. Hale is chorus president.

Ashley Boy Gets Siberian Hamster From Soldier Dad

Special to The Star

ASHLEY — Rod Meaney of Ashley has received a unique birthday present from his father, Capt. R. F. Meaney, who is with the armed forces in Korea.

The gift is a little Siberian hamster, about the size of a teacup and fawn colored. It traveled in the cage which it is to reside in and has already made friends with the boy and his mother.

A half-eaten potato was in the cage when it arrived, but was abandoned in favor of a carrot which was pushed through the wires.

Galion Mardi Gras Crowd Set at 5,000

Special to The Star

GALION—The Kiddie's Parade Monday inaugurated Galion's annual Mardi Gras. Over four hundred masked paraders and more than 5,000 persons watched the festivities in afternoon and evening.

The members of the Fraternal Order of Police Lodge No. 71 were sponsors of the parade which was led by the Galion High School band. Judges for the afternoon were Mrs. Marvin Adams, Veronica Kelley, Mrs. W. W. Wheatcraft, L. D. Crissinger, and Capt. Anton Spaeth, of the Bucyrus police department. Joe Schneider was announcer.

Winners included: most comically dressed boy or girl; first, Eddie Martin, son of Mr. and Mrs. Curtis Martin; second, Joan Stanley, daughter of Mr. and Mrs. Howard Stanley; third, Tod Cobey, son of Mr. and Mrs. Herbert Cobey; most comically dressed couple, first Betty and Opal Ann Kindler, daughter of Mr. and Mrs. Irvin Kindler; second, Patty Morris, daughter of Mr. and Mrs. Rex Morris, and Marseena Edwards, daughter of Mr. and Mrs. Herbert Edwards; best dressed boy or girl: first, Trudy Probst, daughter of Mr. and Mrs. W. F. Probst; second, Shirley Gelvin, daughter of Mr. and Mrs. Charles Gelvin; third, Carl Smith, son of Mr. and Mrs. Dale Smith.

The evening parade of Galion's Mardi Gras was sponsored by the Retail Merchants Division of Galion Chamber of Commerce. The line of march included a number of floats, Galion's new ladder truck, which was demonstrated later by members of the fire department, high school bands from Crestline, North Robinson, Iberia and Galion and a number of city, county and state law enforcement vehicles.

Judges of the masked marchers were the mayors of Bucyrus, Frank P. Sitler; Crestline, Mayor Grover Weis, and Mt. Gilead, Mayor Ray Pennington. Merritt C. McElroy acted as master of ceremonies and parade marshals were Walter Williams Jr., and Virgil Roesch.

LIMA WOMAN WINS $10,000. How does it feel to win $10,000 cash? Mrs. Lucile Greenewald, 51-year-old grandmother of Lima can tell you. She just won the top prize in the Sohio HQD motor oil slogan contest and was presented a check by Samuel H. Elliott, vice president of the Standard Oil Company of Ohio. Her reaction? She just goes on peeling potatoes for dinner as she always has. The money is being banked and will eventually go into a new home, says Mrs. Greenewald. "It was better than having Santa Claus come," she stated.

Philadelphia Pastor Youth Rally Speaker

Rev. Jack Murray of Philadelphia, Pa., will speak at the Marion Youth for Christ Rally Saturday night at Emmanuel Baptist Church. He is a co-pastor of the Church of the Open Door at Philadelphia and is heard each Sunday night on the church's radio broadcast.

His speaking engagements have included youth rallies, Bible conferences and evangelistic campaigns throughout this country. He founded the Harvey Cedars Bible Conference at Harvey Cedars, N. J., and was director of the conference 10 years. His present work includes teaching at the Faith Theological Seminary at Wilmington, Del., and he is vice president of the International Summer Bible School Association, and a member of the Independent Board for Presbyterian Foreign Missions. With his wife, who is a musician, he has compiled a book, "Songs of Truth for Youth."

Special music Saturday night will be by the Emmanuel Bible School band, and Mrs. and Mrs. Ed Murphy will sing. Rev. Wallace Ellis of West Jackson will be in charge of a song service. In charge will be Dr. C. E. Hershey, Emmanuel Church pastor.

TO SPONSOR SUPPER

Plans were made to sponsor the annual chicken supper Nov. 10 at a meeting of the W.S.C.S. of Memorial Methodist Church in Caledonia, Thursday, at the church. A contribution was made to missions as the society's part in the World Week of Self-Denial. Hostesses were Mrs. Thelma Brocklesby, Mrs. Alta Gray, Mrs. Flo Rice, Mrs. Mamie Shonsey and Mrs. Marie Knickle. Mrs. Ruth Lea presided and devotions were by Mrs. Caroline Boger and Mrs. Mildred Underwood.

ScarcityBecomes Acute

Pennies Less In Worth But More In Demand

By SAM DAWSON

NEW YORK, Oct. 31—(AP)—The penny is worth so little in the marketplace these days that it will buy you practically nothing. And yet it is so much in demand and so scarce that some companies are offering to pay a premium to get a supply of pennies. They need them in their business and can't get enough.

Dimes don't buy what they did, either. And yet they too, are often scarce and in great demand.

It's because we're in a slot or vending machine age, needing more metal coins. And there are only about as many coins per person now as there were at the turn of the century before money-in-the-slot became so dominant in our economy.

The sedate federal reserve banking system pleads with the kiddies to empty their piggy banks and bring in the pennies to help out the banking system, which can't supply the demand.

THE U. S. TREASURY, which is looking for several billions of dollars to make up an expected deficit, takes time off to ask housewives, please, empty the sugarbowl of the penny hoard and take it to the bank.

Federal mints are turning out more than eight million pennies a day and can't keep up with the demand.

And banks can't give their customers all the dimes they want.

The dime cut the nickle out of the popularity parade when prices went up on many things. Now it takes a dime in most telephone booths, most transit turnstiles, most vending machines and parking meters. The dimes dropped in these receptacles are apt to take a week or 10 days rest before getting back into circulation again.

* * *

THE PENNY'S POPULARITY seems the more remarkable since it doesn't buy much anymore But there are explanations of the great demand.

In many cities the sales tax means that the cashier asks you for some pennies when you pay for your meals or other purchases. Bus drivers are likely to ask you for 12 cents instead of 10. Knowing this, many passengers try to keep a supply of pennies on hand to get around the nuisance of making change while the bus is lurching down the street.

Vending machines often need pennies to make change In Lorain, O., the Cigaret Sales Co., which distributes cigarets through vending machines, says it needs 600,000 pennies a week to insert into cigaret packages. It says it will pay you $102.50 if you bring $100 worth of the coppers.

* * *

THE GROWTH of vending machines, meters, and other automatic coin devices, along with the sales tax, and the tendency of stores to mark goods at $1.97 instead of $2 as of old, may be the cause of all the shortages in coins.

The Family Economics Bureau of the Northwestern Life Insurance Co., Minneapolis, Minn., reports that there is only a little more than $10 worth of coins for each person in the nation today. That's just what there was per capita in 1900.

Folding money, however, has gone up from $17 per person in 1900 to $170 in 1951. Back in 1800 it was the other way around. Two out of every three dollars in circulation was in hard coins and only one dollar in paper.

Suburban Division Chest Quota Topped

Entitled to wear a big "V" for victory on his coat lapel is Robert Kibbey who headed the suburban solicitors in the Marion County Red Feather Community Chest Campaign which closed last week.

Trailing his quota of $977.64 by something like $60 when the drive officially closed last Thursday night, Mr. Kibbey started out to close the gap through return and new calls. Yesterday was V-day for him when he reported a total of $991.50 at campaign headquarters in the Marion Community Foundation office.

The Suburban Division, which included the neighborhood business places was a new division in the campaign set-up this year.

Proof that these business places liked being in the Suburban Division that the solicitors liked the set-up was shown in the returns which were more than double those of last year when these business places were solicited in the residential campaign.

K. of C. Council Installs Officers

Officers of Monsignor Joseph M. Denning Council, Fourth Degree Knights of Columbus, were installed in ceremonies held Sunday in the K. of C. Hall.

Very Rev. William J. Spickerman, V.F., was installed as faithful friar; Joseph M Dunn, faithful navigator; Joe O'Connor, faithful captain; Edward T Huber, faithful admiral; Floyd Cornely, faithful comptroller; Gregory Wilhelm, faithful pilot; Louis Columbus, inner sentinel; Paul D. Rubeck, outer sentinel.

T. L. Keogh of Toledo, master of the Northwest District, presided as installing officer. Assisting were Peter Swint, marshal; Anthony Volz, color-bearer; Bernard O'Neil and Robert Henderson, color guards. All are from Toledo.

Following ceremony the members, guests and their wives were entertained at a dinner at the Highway Hotel and later went to the K. of C. Hall for a social evening.

It's wonderful just watching the pounds fade away."

Imagine, eat plenty and lose weight with this simple yet effective amazing home recipe. After purchasing a bottle of Rennel from your druggist pour the contents into a pint bottle and add enough grapefruit juice to fill bottle. Take two tablespoonsful twice a day. That's all there is to it. No diets to complicate your meal planning. No expensive vitamins to fortify your system from weakness while going without food for you can eat normally. If the very first bottle doesn't show the simple, easy way to lose pounds of bulky fat and help regain slender, more youthful curves—if reducible excess fat doesn't seem to disappear almost like magic just return the empty bottle to the manufacturer for your money back Insist on and be sure to get genuine Rennel.

Nearly One-Fourth Under 1950

Quarterly Reports Show Business Profits Down

By SAM DAWSON

NEW YORK, Nov. 1—(AP)—Profits of business dropped by almost one-fourth in the third quarter of this year as compared to a year ago. About three-fourths of leading corporations reporting so far show earnings declines — blaming the new record high taxes, curtailment of supplies, curbs on prices, rising labor and material costs, and, in some cases, sluggish consumer demand for their particular products.

A sampling of 126 companies, leaders in their many and varied fields, shows 36 companies doing better during July, August and September than they did a year before, but 90 doing worse—some decidedly worse. Only three companies operated at a loss, however, and in most cases the highly profitable first quarter of 1951 keeps earnings on even keel for the year so far.

Combined, the profits of the 126 total $960,022,577. In the third quarter of 1950 these same companies had combined earnings of $1,249,430,365. The decline of $289,407,786 is 23.1 percent.

* * *

IN ADDITION TO these 126 companies, there are 58 other leading corporations who did not report third quarter earnings, but only the results of the first nine months. These split evenly, 29 up and 29 down. Combined the 58 had profits of $382,849,373. This was down from the first nine months of 1950 by $4,520,539, or 1.1 percent.

Industry as a whole showed first quarter profits this year 25 percent higher than in the first three months of 1950. Industry ran into trouble in the second quarter, earnings dropping seven percent below 1950. The first six months as a whole, however, still showed a two percent gain.

Now the third quarter decline of 23 percent seems to cinch the belief that for the year as a whole business will see a drop below the lush profits of 1950. The stock market has been reacting to the earnings drop with nervous waves of selling.

* * *

EARNINGS REPORTS for the third quarter are complicated by the new tax law passed after the quarter ended and made retroactive to April 1. Some companies lumped the whole new tax burden into their third quarter statements. Some revised their second quarter statements to show the large bite the treasury is taking. But some are waiting until the final quarter to make the tax adjustment for the year. So that only their year-end statements will show how hard they were hit by the tax hike.

Best showings in the third quarter were made by non-ferrous metals, oils and business machine industries, and the utilities. Metals and oil are helped by the tax benefit they get under a depletion allowance—they don't pay as much on the theory they are using up their assets as they operate.

* * *

THE BUSINESS machine industry's gains reflect booming sales in the third quarter. The utilities' rates and earnings already so regulated by various governmental agencies that the new taxes don't make the difference they do with unregulated industries.

Many observers, however, point out that the third quarter is traditionally a low earnings period; that readjustment to the defense economy is now being made; that arms orders will spruce up many company reports next year.

None of this, however, can do much to lighten the heavy hand of the U.S. Treasury on business.

Marion Sons Of Revolution Elect Officers

Officers elected at the annual dinner-meeting of the General Francis Marion Chapter, Sons of the American Revolution, Saturday at Hotel Harding are: Benjamin H. Gast, president; Alwyn Crane, vice president; and J. Wilbur Jacoby, secretary-treasurer.

Guests were Dr. George T. Harding III, president of the Benjamin Franklin Chapter in Columbus; Daniel E. Hubbard of Columbus, president of the Ohio society; Dr. F. F. Field and Dr. V. E. Busler, both of Marion.

Remarks were made by Dr. Harding and Dr. Busler at the meeting which the 20 members of the chapter attended.

The local chapter was organized Jan. 12, 1920, with Warren G. Harding one of the seven charter members. The group became inactive in 1933 and was reorganized Aug. 22, 1950.

"Good Neighbor" Deed Done By Green Camp Men

Special to The Star

GREEN CAMP—A "good neighbor" deed was performed by a group of farmer friends at the Joe E Lyon farm on the Radnor road Monday when the group picked, hauled and cribbed 24 acres of corn

A few weeks ago a group plowed and planted a large field in wheat. Mr Lyon was bedfast at the time the friends planted the wheat He is now able to be up and around the house.

In the group Monday were Sperry W. Long, Lewis Long, Norman Bates, Merle Lashey Jr, Otto Bosse, A W. Lowe, Clyde Beaver, George Reynolds, Harry Lyon, Robert Uncapher, George Bowling, Edward Flach, Elsworth Bailey, Dwight Clark, Earl Folk, Frank Lyon, Richard Chapman, Leonard Wolfe, Donald Shuster, Jerald Jerew, Allen Dreyer, Kenneth Hedges and Marion Morris.

The tractors were filled with gasoline at noon by the Marion County Farm Bureau Co-Operative, through Robert Fogle, their salesman.

Lunch was served at the Lyon residence by the men's wives

Spaghetti, Liver Casserole Easy on Budget

WHERE there's a will, there's a way to stretch the budget And one way lies in dishes like this spaghetti and liver casserole—a sure-fire recipe that will match both big-sized appetites and small-sized purses

SPAGHETTI AND LIVER CASSEROLE

1 lb sliced beef, pork or calves' liver
2 T flour
3 T fat
½ cup finely diced onion
1½ t kitchen bouquet
3½ cups canned tomatoes, (1 No 2½ can)
1½ t salt
1 t sugar
⅛ t pepper
⅛ t oregano
⅛ t mace
1 T minced parsley
3 oz can sliced broiled mushrooms
8 oz spaghetti, cooked

Cover liver with boiling water and let stand 5 minutes Drain well and blot dry with paper toweling Remove any tubing or skin, then cut liver in finger length strips. Place in paper bag with flour and shake vigorously to coat evenly. Melt fat in large frying pan over moderate heat Add liver and brown lightly on both sides Add onion and let cook 5 minutes longer. Stir in kitchen bouquet Add tomatoes, seasonings, parsley, and contents of can of mushrooms. Bring to boil and let simmer for 15 minutes. Meanwhile cook spaghetti until barely tender in boiling salted water Drain well. Combine with liver sauce. Pour into 2 quart baking dish and let heat in moderate oven, 350 F, for 15 minutes Serve topped with grated Parmesan cheese and accompanied with a crisp green salad. Yields 4 generous servings.

Love Triumphant

By ADELE GARRISON

Mildred Grey, fiancee of Dicky's nephew, Bill, smiled at me tremulously as I put my questions about the other members of our "house party," and I knew that my matter-of-fact manner had erased the tension under which she was laboring She sank down in her seat again, and answered my question briskly.

"I went in and wakened Bess a few minutes ago," she said "She will be ready for breakfast whenever it is served And we both are all dressed for our shopping trip."

"You have plenty of time for that," I said, "but the boys have a different schedule"

"The boys are all awake and taking turns at the shower," Bill said, "They ought to be ready any minute, now."

"What about their packing?" I persisted.

"Oh, we did that last night," he said "Our suitcases are ready to strap as soon as we've stuffed in the last things—take about two minutes"

"Good work!" I told him "And as I took all your breakfast orders last night, I'll just ge busy on the telephone with Room Service Go back to your colloquy. Nobody will disturb you until Room Service comes in with breakfast"

"Thank you!" they chorused, unconsciously empnasizing the words, and then they resumed their absorbed conversation. Dicky and the Underwoods had given them the briefest of cordial greetings, and, as I went to the telephone, Lillian, Harry, and Dicky, took chairs on the opposite side of the big room from the betrothed couple and began an animated conversation which purposely, I knew, drowned out the other voices.

When Bess Conway came into the living room, she immediately joined Hank, Junior and Roderick, who had preceded her by only a second, and Dicky brought them all over to the corner where he and the Underwoods were sitting. I joined them when I was through telephoning, and Dicky cocked a knowing eyebrow at the absorbed couple.

"They don't know we're alive," he said, "so we can go on with our gabfest without any fear of disturbing them. Now, don't forget, Hank, to keep close to your rooms when you aren't in classes, or leave word where we can get hold of you. Also, if you hear anything about your classmates slinging a party, get us immediately on that private unlisted telephone"

"I'd better write down the number," Hank said

"We will, too," Junior and Roderick chorused.

"I'll say you'd better," Dicky told them. "You'd have one sweet time getting that number out of Central. Unlisted phone numbers distinctly are not given out with the emphasis on the adverb"

"I know," Hank said, and the youngsters carefully put down the number in their address books. Then we went on talking about everything and nothing, until the advent of Room Service with the breakfast brought us all around the table

The departure of the boys gave me a pang, as always, but I was consoled by the fact that I would see them again in a very few days. Then Mildred, Bess, the Underwoods and I settled down to wait for the coming of my father

I did not realize how tense we all were, until, when his knock sounded on the door, there was a little gasp from all of us.

"Oh!" Mildred breathed. "Here it comes!"

Second Book Review Set

The second number in the series of book reviews given this season by Mrs Lloyd Beuthel of Sandusky will be presented Tuesday night in the recreation room of the First Presbyterian Church.

For this review Mrs. Beuthel has chosen Irving Stone's novel, "The President's Lady" In the story the author recreates the life of two great historical characters, Andrew Jackson and his wife Rachael, whose lives have many climaxes and dramatic moments Stone is the author of "Immortal Wife" a popular best seller.

As in former years, Mrs. Beuthel's book reviews are sponsored by the Women's Association of the First Presbyterian Church. Tickets still are available for this and the third and last number of the series, set for Dec 4.

The review is scheduled for 8 o clock.

Levy To Pay For Improvements

Funds Needed For Playgrounds, Parks

Marion's system of parks and recreation facilities are to be improved with funds derived from the half-mill levy if it is passed when voters go to the polls Nov. 6.

Estimated receipts from the levy to run for five years, will be approximately $24,000 per year. The money will be used to operate the city parks on a year round basis.

The money is not to be used for any capital improvements, but merely for the purchase of equipment and hiring supervisory personnel.

Marion now has 89 acres in parks in all sections of the city. Recreational facilities have been planned for both children and adults.

Based On Report

Plans for the parks have been based upon a report prepared by the National Recreational Association Association of New York City following a survey made possible by a grant of funds from the Marion Rotary Club.

Parks in Marion listed for improvement by the Marion Recreation Commission are as follows: Silver street school playground; Eagles' playground; Lincoln Park; Mark Street school playground; Garfield Park; George Washington school playground; Olney playground; Roosevelt Park; Marion Power Shovel Athletic field, and Glenwood school playground.

Plans include building of ball parks and play areas, laying the fields out so a maximum amount of recreation can be carried on in each area.

Planned Improvements

Some things that may be done include building of shelterhouses, small playground theaters, tennis courts, horseshoe courts, and volley ball and soccer courts.

At present, city council appropriates $11,000 annually for parks and recreation. Most of the money is paid in salaries for caretakers for the parks and summertime play supervisors. The recreation commission now receives $2,900 annually.

State Hospital Head Hurt in Auto Crash

DELAWARE, O., Nov. 1—(AP)—Dr. M. B. Gordon, 44, superintendent of the Cleveland State Hospital, was injured Tuesday when his car hit a guard rail on U. S. Route 23 at the south city limits.

Physicians at Jane Case Hospital here said Dr. Gordon suffered three broken ribs, a brain concussion and cuts and bruises. His condition was described as good, but he is expected to stay at the hospital several days.

The sheriff's office said Dr. Gordon's car hit the guard rail when he apparently became confused by a highway relocation project.

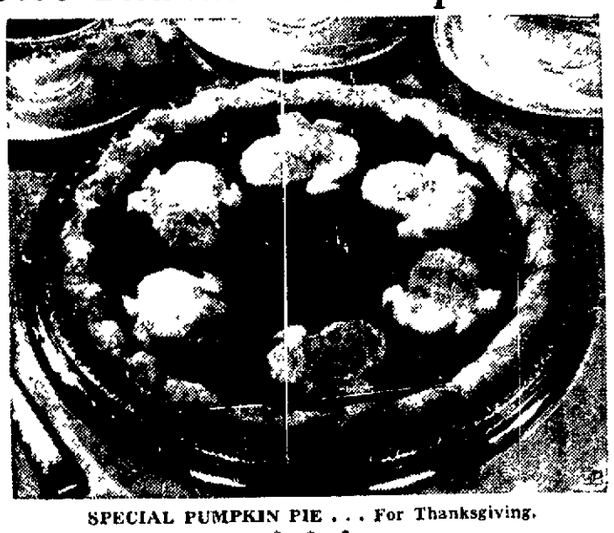
Give Thanks for Pumpkin Pie



SPECIAL PUMPKIN PIE . . . For Thanksgiving.

* * *

By CECILY BROWNSTONE
Associated Press Food Editor

Thanksgiving Pumpkin Pie will be as nutritious as can be, and have a rich brown color, if you use nonfat dry milk in it. If the youngsters in your family are too young for a rich pastry undercrust make this special Pumpkin Custard for them. It's a fine dessert, too, for family meals the whole winter long.

SPECIAL PUMPKIN PIE

Ingredients: One 9-ounce package pie crust mix or 1 standard pastry recipe, ½ cup sugar, ½ cup molasses, 1¾ cups canned pumpkin, ½ teaspoon cinnamon, ½ teaspoon nutmeg, ½ teaspoon ginger, ½ cup nonfat dry milk, 2 tablespoons flour, 1¼ cup water, 2 eggs.

Method: Prepare pastry; divide in half. Roll out half on a lightly floured board, line 9-inch pie pan and flute edges. Roll out other half to ⅛-inch thickness, cut out six 2½-inch turkeys with cooky cutter or cut around cardboard pattern. Place on ungreased cooky sheet and bake in a hot (425° F.) oven until puffy and golden brown, about 5 minutes. Meanwhile mix sugar, molasses and pumpkin. Mix cinnamon, nutmeg, ginger, nonfat dry milk, and flour together; sprinkle over water and beat with a rotary beater until just blended. Beat in eggs lightly. Add to pumpkin mixture; blend well. Pour into unbaked pie shell. Bake in a hot (425° F.) oven 15 minutes. Reduce heat to moderate (350° F.) and bake until crust is lightly browned and a sharp-pointed knife inserted near the center comes out clean, about 35 minutes. Cool. Garnish with baked pastry turkeys.

SPECIAL PUMPKIN CUSTARD

Ingredients: ¼ cup sugar, 2 tablespoons molasses, 1 cup canned pumpkin, ½ cup water, ¼ cup nonfat dry milk, 1 tablespoon flour, ¼ teaspoon cinnamon, ¼ teaspoon cloves, ¼ teaspoon nutmeg, ¼ teaspoon ginger, 1 egg, 4 tablespoons chopped nut meats (if desired).

Method: Mix together sugar, molasses, and pumpkin. Pour water into small bowl. Sprinkle nonfat dry milk, flour, and spices over surface of water; beat with rotary beater until well blended, stir into pumpkin mixture. Beat well. Pour into lightly buttered custard cups. Place cups in baking pan about 2 or 2½ inches deep. Put in oven preheated to 325° F. and pour hot water around cups to depth of 1 inch. Bake until a sharp-pointed knife inserted into center comes out clean, about 40 minutes. As soon as custard is baked, remove from water bath. Serve cold; garnish with nut meats if desired. Makes 4 servings.

DEN GIVES PARTY

Den Two, Pack Seven of the Cub Scouts gave a party in honor of Douglas Beaver's ninth birthday anniversary after a meeting Tuesday afternoon at the home of Lynn O'Doud of 127 E. Washington St. Guests were Mrs. Lucpille Beaver and daughter Judy, Terry Hoffman, Brent Sechrist, Keith Kirk, and John Holmes, Dick White, Lynn O'Doud and Mrs. Ruth O'Doud, den mother.

Ford Promotes Ex-Marionite

Chester T. Henry, son of Mr. and Mrs. Charles W. Henry of 716 Herman St., has recently been appointed assistant manager of the magnesium foundry at Ford's Aircraft Division in Chicago. Mr. Henry joined the Ford Co. in Chicago after the outbreak of the Korean conflict.

He was born in Upper Sandusky, July 24, 1907 and attended the trade school at the Marion Power Shovel Co., for four years. He was later employed by General Motors and the Dodge Co. in Detroit.

During World War II, Mr. Henry was transferred to the Dodge plant in Chicago which was doing war work. After the war, he set up his own jobbing shop in Chicago known as the Interstate Pattern and Engineer Co., which he still owns.

Mrs. Henry is the former Miss Pauline Regan, daughter of Mrs. Roy Layman of 457 Uncapher Ave. The couple have four sons.

BUS DRIVER FINED

Edward Jones, 55, of near Lima, driver of a Greyhound bus, was found guilty in Municipal Court yesterday, although he entered a plea of not guilty to a charge of speeding on Route 30-S Oct. 12. He was arrested by state highway patrolmen. He was fined $15 and costs by Judge W. Dexter Hazen.

93rd in 113 City School Systems

Marion Teachers' Pay Low in State's List

This is one of a series of articles explaining the need for passage at the Nov. 6 general election of the four-mill tax levy for city school operating expenses. The articles were prepared by a Citizens Committee formed to promote passage of the levy.

* * *

BY COMPARISON with other city school systems, salaries of Marion teachers are not high. A report of the Ohio Education Association on average salaries for 1950-51 ranks Marion 93rd in the 113 city school systems. In the 16 Ohio city school systems in our size classification, Marion ranks at the bottom of the list.

The average teacher in the Marion City Schools last year received $800 less than the average city school teacher in Ohio.

In a study made by the Akron city schools in April, 1951, teachers salaries in 28 small cities in Ohio were recorded.

Marion ranked 27th in the 28 cities in the salary scale on which teachers were paid.

Even though most cities in Ohio pay better salaries to teachers than does Marion, 55 other school systems have additional operating levies on the ballot this November.

IT IS IMPERATIVE that Marion meet the increased cost of living for its teachers and non-teaching employes. With the growing scarcity of teachers, it will be impossible to fill teaching vacancies unless we can compete with other school sysems.

Although our salary scale will be improved if the levy is passed, the increase will be a modest one. The new salary schedule, while it will enable the Board of Education to employ teachers and non-teaching employes for our school system, will still leave us below the average for Ohio cities.

The four-mill levy will provide adequate education for Marion children without extravagance It will keep our schools open.

We still must weigh carefully the spending of every dollar and that is as it should be. When you vote for the four-mill levy you are keeping a good school system on a sound basis.

Taft Ahead Of Eisenhower In GOP Poll

WASHINGTON, Nov. 1—(UP)—Sen. Robert A. Taft (R) of Ohio is a better than 2-to-1 favorite over Gen. Dwight D. Eisenhower for the Republican presidential nomination next year, according to a poll of delegates to the 1948 GOP convention.

Taft was the choice for 1952 of 53.6 percent of the delegates who answered the poll conducted by the National Broadcasting Co. radio program Three Star Extra. Eisenhower was favored by 25 1 percent of the group.

The poll showed that Gov Earl Warren of California to be the favorite for the GOP vice presidential nomination, with Sen Everett M. Dirksen (R) of Illinois, a close second.

Quiet Election Campaign Noted In Bucyrus

Special to The Star

BUCYRUS, Nov. 1—One of the most quiet municipal election campaigns in recent years is nearing an end here with principal interest centered in the mayoralty contest between Frank P. Sitler, this city's third Republican mayor in the past 50 years, and Lloyd L Adams, World War I veteran and Democratic nominee.

Both parties have held no public rallies but individual candidates have been waging house-to-house campaigns in many instances. Democratic precinct workers also have held meetings with candidates.

Mr. Sitler, a real estate agent here, was successful in his first bid for public office two years ago when he defeated Richard L. Hertzer, three-term mayor and now postmaster here.

If Mr. Sitler is re-elected Tuesday, he will be the first Republican mayor ever elected to a second term in Bucyrus. Since 1900, Bucyrus has had only two other Republican mayors and both were defeated in their second term trics.

Pythian Sisters At Morral Hold Party For Grand Officer

A party honoring Mrs. Maurice Heller of Morral, grand junior of the Grand Temple of Ohio, Pythian Sisters, was held by the Morral Pythian Sisters Temple recently at the home of Mrs Nelson Snyder near Morral. Serving as assistant hostess was Mrs Ralph Sigler. A potluck supper was served from a table centered with a cake decorated with the temple emblem. The cake was presented for the occasion by Mrs. Paul McWherter and Mrs. Blanche Heller. Thirty - eight members were present.

Mrs. Heller was presented a gift from the Morral Temple members, and a program and contests followed. Numbers on the program included two vocal solos by Mrs. William Graham, accompanied by Mrs. Ray Feichter, a reading by Mrs. Paul Lill, and group singing. In charge of the contests were Mrs. Charles Mullholland, Mrs. Dale Healea and Mrs. Jess Grantee.

Halloween decorations were used throughout the rooms.

Bucyrus Mardi Gras Attended By 5,000 Persons

Special to The Star

BUCYRUS, Nov. 1 — Favored with ideal weather, an estimated 5,000 persons lined Bucyrus' downtown streets last night for the annual Mardi Gras parade, sponsored by the Kiwanis Club.

Participating in the costume parade were nine bands including Bucyrus Senior and Junior High, Bucyrus City, Mt Zion, Tiro, Leesville, Chatfield, North Robinson and Holmes-Liberty.

Following the parade, a square dance was held on Washington Square under sponsorship of the Bucyrus Chamber of Commerce.

In the afternoon, a pet parade was held with more than 200 youngsters participating. Spectators also jammed downtown streets for the children's parade.

Master of ceremonies for both parades was William P Guilliford. Judges were Carl Kindt of a Mansfield radio station, Mayor C. M Beaston of Upper Sandusky and Miss Madge Cooper, women's editor of a Marion radio station.

Tractor Salesman

We are particularly interested in a man who is now farming and is familiar with the operation of tractors and farm equipment. With this background our factory will give you thorough sales training

You will be selling the most popular tractor and farm machinery in the industry. The farm machinery industry is not only the fastest growing industry in America, but our line of equipment is the fastest growing within that industry.

We prefer a full-time salesman, but might consider one working part time If you are interested in becoming associated with an aggressive dealer in a great industry in a basic industrial line, give us particulars, such as experience in farming, age, sales experience if any, and any other details that will give us enough information to determine your qualifications

Write Box 24, care Marion Star.

TOOLMAKERS

Long program—overtime. Excellent working conditions, top wages, paid holidays, insurance benefits, day and night shifts.

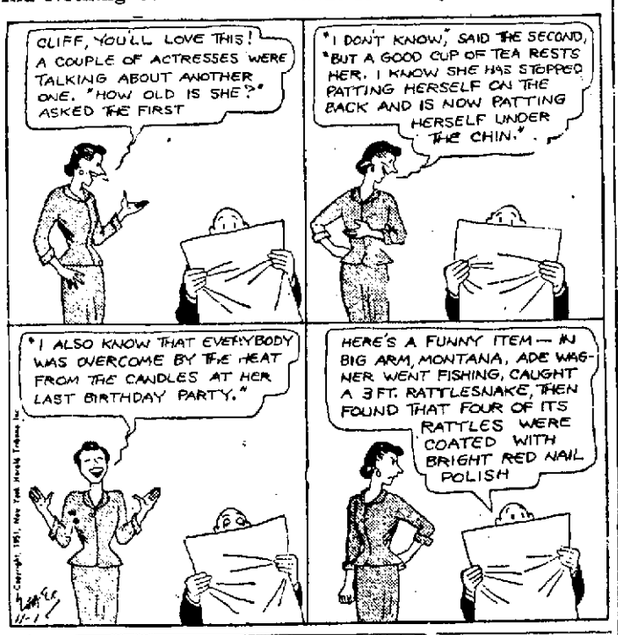
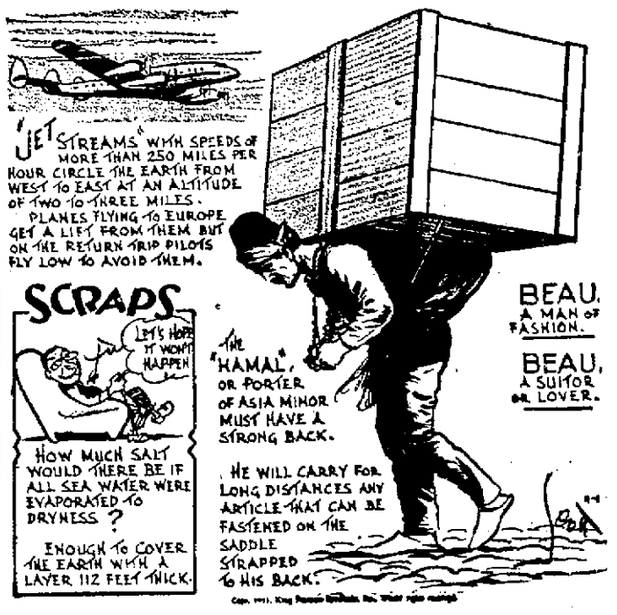
And Nothing Can Be Done About It By H. T. Webster



CLIFF, YOU'LL LOVE THIS! A COUPLE OF ACTRESSES WERE TALKING ABOUT ANOTHER ONE. "HOW OLD IS SHE?" ASKED THE FIRST
"I DON'T KNOW," SAID THE SECOND, "BUT A GOOD CUP OF TEA RESTS HER. I KNOW SHE HAS STOPPED PATTING HERSELF ON THE BACK AND IS NOW PATTING HERSELF UNDER THE CHIN."
"I ALSO KNOW THAT EVERYBODY WAS OVERCOME BY THE HEAT FROM THE CANDLES AT HER LAST BIRTHDAY PARTY."
HERE'S A FUNNY ITEM— IN BIG ARM, MONTANA, ADE WAGNER WENT FISHING, CAUGHT A 3 FT. RATTLESNAKE, THEN FOUND THAT FOUR OF ITS RATTLES WERE COATED WITH BRIGHT RED NAIL POLISH

SCOTT'S SCRAP BOOK By R. J. Scott



"JET STREAMS" WITH SPEEDS OF MORE THAN 250 MILES PER HOUR CIRCLE THE EARTH FROM WEST TO EAST AT AN ALTITUDE OF TWO TO THREE MILES. PLANES FLYING TO EUROPE GET A LIFT FROM THEM BUT ON THE RETURN TRIP PILOTS FLY LOW TO AVOID THEM.

One Man's Opinion

By WALTER KIERNAN

We began a new era of taxation yesterday . . . We know it's a new era because this time nobody in Washington even said "This is going to hurt a little."

* * *

The period which ended might roughly be described as "from taxation without representation to taxation without repercussion."

* * *

But some were fortunate . . . New York milk drivers got a $12-a-week increase just in time to meet the new taxes set to halt inflation caused by higher prices resulting from $12-a-week increases to meet tax rates set to halt inflation caused by higher prices, etc.

* * *

The price of milk went up again but consumers can apply to their bosses for wage increases which will result in a higher price for the product they produce which will put the milk drivers back where they were in which case they can put in for another wage boost . . . see how easy it works out?

* * *

Anyway we have Mr. Truman's word for it that the whole mess is due to "the special interests."

"The special interests" are the people who invent, invest in and market the products that keep the non-special interests working.

Sycamore Church Filled For Centennial Services

Special to The Star

SYCAMORE — The Deunquat Lutheran Church was filled Sunday when the 100th anniversary of the church was celebrated. More than 100 attended the picnic dinner served in the basement.

The pastor, the Rev. H. K. Roberts, dedicated the recent improvements made in the church and also new offering plates which were donated Sunday by the grandchildren of Mr. and Mrs. Justin Kisor. Miss Delores Campbell dedicated a solo number to her great-grandmother, Mrs. Kisor. Mrs. A. L. Prouse gave a reading and Floyd Adams presented a piano solo.

D. L. Kayser of Dayton was the speaker of the afternoon. He is the state statistician of the synod.

Thirty-one counties in the U. S. are named for George Washington, 21 for Thomas Jefferson, 18 for James Madison and 14 for Abraham Lincoln.

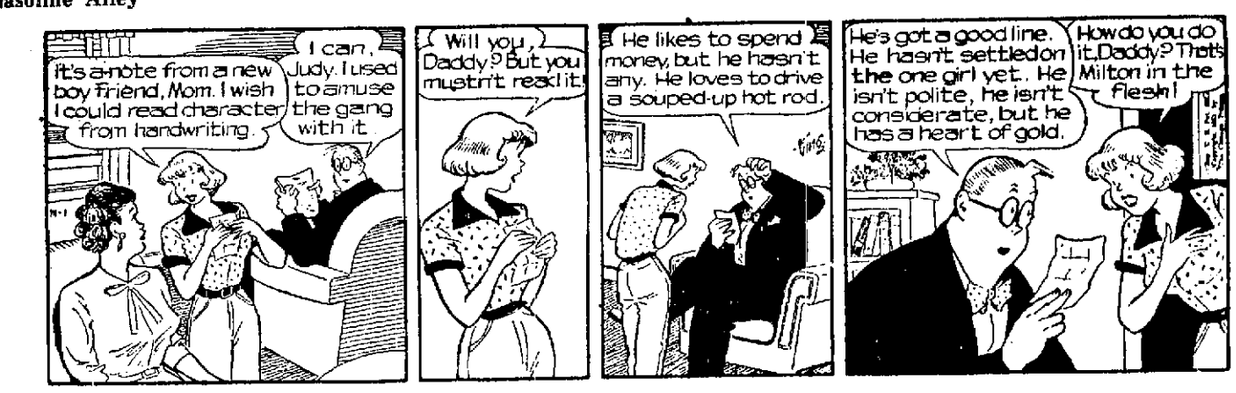
Superman By Wayne Boring

SO SAM PRUNE WAS SUPERMAN--AND HE WASN'T! AN AMAZING STORY!
WHAT'S MORE IMPORTANT IS THAT SUSIE AND A LOT OF OTHER PEOPLE WILL STOP TRYING TO FIND OUT SUPERMAN'S IDENTITY!
YES, THANK GOODNESS THAT'S THE END OF SUSIE'S CONTEST! LIFE WILL BE SO MUCH LESS HECTIC!
YOU'RE TELLING ME!
CLARK! JUST THE MAN I WANT! I'VE GOT A JOB FOR SUPERMAN!
?!?!!

Gasoline Alley By Frank King



It's a note from a new boy friend, Mom. I wish I could read character from handwriting.
I can, Judy. I used to amuse the gang with it
Will you, Daddy? But you mustn't read it!
He likes to spend money, but he hasn't any. He loves to drive a souped-up hot rod.
He's got a good line. He hasn't settled on the one girl yet. He isn't polite, he isn't considerate, but he has a heart of gold.
How do you do it, Daddy? That's Milton in the flesh!

Joe Palooka By Ham Fisher

THE XRAY SHOWS NO BROKEN BONE... BUT IT'S A BAD SPRAIN. HE'LL HAVE TO STAY OFF IT FOR A WHILE.
TH' FIGHT'S GOTTA BE POSTPONED!
